

# 3 Ingredient Slime Art Project

## YOU WILL NEED:

- 1/4 tsp Borax Powder {found in laundry detergent aisle}.
- 1/2 cup Clear or White Washable PVA School Glue
- 1 cup of Water divided into 1/2 cups
- Food Coloring, Glitter, Confetti (Optional)
- Bowl, Spoon, Measuring Cups

## Instructions:

**STEP 1:** Dissolve 1/4 teaspoon of borax powder into 1/2 cup of warm water in one of the three bowls. Mix this thoroughly.

**STEP 2:** In the second bowl measure out about 1/2 cup of clear glue and mix with 1/2 cup of water until well mixed.

**STEP 3:** Pour borax/water mixture into glue/water mixture and stir it up! You will see it come together right away. It will seem stringy and clumpy, but that's ok! Remove from bowl.

**STEP 4:** Spend a few minutes kneading the mixture together. You may have leftover borax solution.

**\*Slime Tip:** Remember, slime does not like to be pulled quickly as it will surely snap due to its chemical composition. Stretch your slime slowly.
