DESCRIPTION

This is an ongoing program which includes replacement of leaking roofs in various city facilities due to weather damage and lack of proper maintenance. Ongoing/upcoming projects include the Coral Gables Country Club, Coral Gables Museum, 405 Biltmore Way, 427 Biltmore Way, Miracle Theater, and the Coral Gables War Memorial Youth Center.

JUSTIFICATION

This program aims to protect infrastructure on all City-owned facilities from water damage and decay as a result of faulty roof maintenance. This program aligns with the City's Strategic Plan's "Customer-focused Excellence" goal to "Provide exceptional service that meets or exceeds the requirements and expectations of our community."

| PROJECT TYPE: | Facility Improvements | PROJECT ACCOUNTING | c-incinrtr | | | | |
| PRIORITY TYPE: | Consent Order | NAME: | C-IIICIIII U | | | | |

DESCRIPTION

This project consists of Citywide soil and groundwater remediation at properties owned by the City. Miami-Dade County Department of Environmental Resource Management (DERM) oversees remediation efforts and provides direction on the required testing in order to delineate the contaminated areas. Once the contaminated area is determined, DERM remains involved by approving the method of remediation and overseeing the actual work in the field. The project includes professional consulting services for the testing, coordination with DERM, overseeing the remediation in the field, and documenting the work. The project also includes retaining a contractor for the actual removal of contaminated material and backfill with clean material. There are remediation efforts needed at the Biltmore Golf Course, Granada Golf Course, and SW 72nd Avenue former incinerator site.

JUSTIFICATION

This project aligns with the City's Strategic Plan's "Sustainability-focused Excellence" goal to "provide exceptional services that enhance local and global environmental quality, enrich our local economy, and strengthen the health and well-being of residents, businesses, and visitors." DERM has regulatory oversight of contamination remediation throughout the County. DERM continuously follows-up with the City regarding the status of remediation efforts at the previously mentioned sites and can issue fines if adequate progress is not shown.

| PROJECT NAME: | HVAC Equipment Replacement Matrix | | |
|-----------------------|-----------------------------------|--------------------|-------------|
| REQUESTING DEPARTMENT | Public Works | | |
| PROJECT LOCATION: | Citywide | | |
| PROJECT TYPE: | Facility Improvements | PROJECT ACCOUNTING | c-hvacfacs |
| PRIORITY TYPE: | General Repair | NAME: | C-IIVaciacs |

DESCRIPTION

This project will facilitate HVAC (heating, ventilation and A/C) equipment replacement citywide due to aging life cycles and system-wide inefficiency. Specifically at the Miracle Theater: demolition of one HVAC chiller, one cooling tower, four air handler units, two condensing units and one structural support stand. New MEP work and materials required for the installation of one air-cooled chileer, three air handler units and one structural stand.

JUSTIFICATION

Aging HVAC equipment is the main cause of increase energy consumption. The units have significant downtime which leads to many unproductive hours. Replacement parts usually exceed replacement of components. In order to avoid work interruptions, parts are ordered and installed. This project is striving for planned replacement schedules during off hours in order to avoid interruptions and increase air quality and efficiency.

DESCRIPTION

This is an ongoing citywide elevator replacement program that includes the replacement of elevators across city facilities. Locations include Biltmore Tennis Complex, City Hall, Public Works Maintenance Facility, Coral Gables Museum, Coral Gables War Memorial Youth Center, Police & Fire Headquarters, and all City garages.

JUSTIFICATION

A citywide elevator replacement program is necessary to improve the quality of the City's elevators. This program includes needed A.D.A. upgrades along with reliability, efficiency, & safety code upgrades to satisfy applicable code and performance requirements. This project aligns with the City's Strategic Plan's "Customer-focused Excellence" goal to "Provide exceptional service that meets or exceeds the requirements and expectations of our community."

| PROJECT NAME: | Optimize Energy And Water Efficiency At City Facilities | | | | | | | |
|-----------------------|---|--------------------|------------|--|--|--|--|--|
| REQUESTING DEPARTMENT | Public Works | | | | | | | |
| PROJECT LOCATION: | Citywide | | | | | | | |
| PROJECT TYPE: | Facility Improvements | PROJECT ACCOUNTING | c-ener-eff | | | | | |
| PRIORITY TYPE: | Quality of Life | NAME: | c-ener-en | | | | | |

DESCRIPTION

This is an ongoing project to optimize energy and water efficiency at City facilities in accordance with the City's Strategic Action Plan and Sustainability Management Plan. This project includes the following: (1) Interior/Exterior LED Lighting conversion in City facilities not currently or scheduled to undergo construction (Youth Center, City Hall Complex, Fire Station 3, Fire Station 2 Bay, Venetian Pool, Passport Office/Parking Enforcement, complete conversion remaining areas of Parking Garage 2 & 6, in Parks (Salvadore Park/Tennis Center, Granada Pro Shop), etc. (2) Conducting ongoing energy audits at City facilities. (3) Install digital building automation controls and submeters at the City's largest buildings. (4) Continue upgrading low flow and flush fixtures in City facilities. (5) Evaluate/Install renewable energy on City Facilities (i.e. Solar-thermal at the Fire Stations & Rooftop Solar Photovoltaic System at the Youth Center and/or Public Works 72nd Ave Maintenance Facility). (6) Installation of Energy Star Certified appliances (dishwashers, dryers, washing machines, etc.) in select City Facilities. (7) Installation of energy efficient hand dryers in select City Facilities.

JUSTIFICATION

This project has the potential to reduce electrical and water consumption by 20% below 2013 levels by 2025. The overall return on investment on the project portfolio (10-year projects) is positive with a net present value of \$1,912,000. This project aligns with the City's Strategic Plan's "Sustainability-focused Excellence" goal to "Provide exceptional services that enhance local and global environmental quality, enrich our local economy, and strengthen the health and well-being of our current and future residents, businesses, and visitors."

| PROJECT NAME: | Right of Way (ROW) & Utility Divisions' Employee Locker Rooms | | | | | | | | |
|-----------------------|---|------------|--|--|--|--|--|--|--|
| REQUESTING DEPARTMENT | ublic Works | | | | | | | | |
| PROJECT LOCATION: | 2800 SW 72 nd Avenue | | | | | | | | |
| PROJECT TYPE: | acility Improvements PROJECT ACCOUNTING | | | | | | | | |
| PRIORITY TYPE: | Quality of Life | c-row-utly | | | | | | | |

DESCRIPTION

The scope includes design and construction for two employee locker rooms for both the Right of Way and Utility Divisions' within the existing Public Works' facilities. The renovation will include the installation of new lockers, fenced storage area, installation of new A/C units, water and sewer connections, new electrical infrastructure for lights and outlets, and a new program of spaces with the installation of drywall partitions and masonry block divisions.

JUSTIFICATION

The Right of Way and Utility Division's do not have a dedicated space that serves as a lunch/break room. This renovation will also provide work stations for those employees that work in the field and need to generate any type of documentation or report. This project aligns with the "Workforce-focused Excellence" goal of being "the organization of choice by attracting, training, and retaining a competent and cohesive workforce."

| PROJECT NAME: | ADA Remediation at City Facilities | | |
|-----------------------|------------------------------------|--------------------|--------------|
| REQUESTING DEPARTMENT | Labor Relations & Risk Management | | |
| PROJECT LOCATION: | Citywide | | |
| PROJECT TYPE: | Facility Improvements | PROJECT ACCOUNTING | r-ada-impr |
| PRIORITY TYPE: | Regulatory | NAME: | i -aua-iiipi |

DESCRIPTION

The City has evaluated its physical facilities and their adjacent public rights-of-way to identify the modifications necessary to meet the applicable accessibility requirements under the American with Disabilities Act ("ADA"). Improvements include, but are not limited to making bathrooms/water fountains accessible, making ADA-compliant pathways to City facilities, and other general ADA improvements.

JUSTIFICATION

The ADA is a civil rights statute that prohibits discrimination against people who have disabilities. There are five separate Titles (sections) of the ADA relating to different aspects of potential discrimination. Title II of the ADA specifically addresses the subject of making public services and public transportation accessible to those with disabilities. As a necessary step to comply with the ADA, the City is required to perform self-evaluations of its current facilities relative to the accessibility requirements of the ADA (which it has already completed) and then work towards making the necessary modifications.

| PROJECT NAME: | Public Works - Building 6 Space Programming and Interior Renova | blic Works - Building 6 Space Programming and Interior Renovation | | | | | |
|-----------------------|---|---|------------|--|--|--|--|
| REQUESTING DEPARTMENT | Public Works | | | | | | |
| PROJECT LOCATION: | 2800 SW 72 nd Avenue | | | | | | |
| PROJECT TYPE: | Facility Improvements | PROJECT ACCOUNTING | s publidas | | | | |
| PRIORITY TYPE: | Other (Described Below) | ner (Described Below) c-pwbldg6 | | | | | |

DESCRIPTION

The project scope includes the reconfiguration of the already existing office modular furniture, acquisition and installation of new modular furniture, and miscellaneous dry wall installation within Building 6 of the Public Works Facilities complex. This renovation will involve the reprogramming of spaces of 4,350 square feet within the Permits Section, Engineering, Landscape Services & Sanitation, and Central Administration Division.

JUSTIFICATION

In order to increase the functionality of space, this office renovation will be focused towards optimizing workspace layouts by opening up cramped spaces into more airy workable layouts giving the impression of more space and maximizing employee interaction for better production. It will also optimize the area that is needed per employee/position allowing the expansion of working spaces for future/vacant positions. Another target of this project is to connect the Landscape Services & Sanitation Divisions to the main Lobby of the building where the Permits Section is located, enhancing the communication between Public Works' Divisions and the accessibility to the public. This project aligns with the City's Strategic Plan's "Workforce-focused Excellence" goal "to be the organization of choice by attracting, training and retaining a competent and cohesive workforce."

| PROJECT TYPE: | Facility Improvements | PROJECT ACCOUNTING | c-wndwimp | | | | | |
| PRIORITY TYPE: | Other (Described Below) | NAME: | c-wiidwiiiip | | | | | |

DESCRIPTION

This project consists of Installing impact-resistant windows/storefront and doors at various city-owned facilities throughout Coral Gables. The first four facilities to have impact glass installed are the Youth Center, Garage 2, Garage 6, and the Girl Scout House.

JUSTIFICATION

This project aligns with the City's "Customer-focused Excellence" goal to "provide exceptional services that meet or exceed the requirements and expectations of our community." The installation of impact resistant glass will keep residents, visitors and customers safe. In addition, City facilities will be safer in the event of a hurricane or storm. This upgrade will also yield annual savings in labor and material costs since the installation of shutters will no longer be necessary.

| PRIORITY TYPE: | General Repair | NAME: | c-fscanopy | | | | | | |

DESCRIPTION

This project consists of replacing the existing steel canopy structure for the Public Works Fuel Station.

JUSTIFICATION

This project aligns with the City's "Customer-focused Excellence" goal to "Provide exceptional services that meet or exceed the requirements and expectation of our community." In addition to maintaining City facilities up to the City of Coral Gables' standards, this project will enhance the City's internal customer's experience. The existing canopy is structurally deteriorated and should be replaced as soon as possible. The overhang members are very rusted and need replacement.

| REQUESTING DEPARTMENT | Public Works | | |
| PROJECT LOCATION: | 2800 SW 72 nd Avenue | | |
| PROJECT TYPE: | Facility Improvements | PROJECT ACCOUNTING | c-extpaint |
| PRIORITY TYPE: | General Repair | NAME: | c-extpaint |

DESCRIPTION

The project consists of painting the exterior walls and doors of all buildings at the Public Works Maintenance Facility, including the metal canopy structure connecting Building 6 and the Automotive Shop. This may be a multi-phase project.

JUSTIFICATION

This project aligns with the City's "Customer-Focused Excellence" goal by "providing exceptional services that meet or exceed the requirements and expectations of our community." This project will enhance the customer experience as they enter the facility. The buildings have not been painted in more than 10 years and deterioration is evident. This work is needed in order to preserve the structures.

| PROJECT NAME: | Solar PV at Public Works Facility | | |
|-----------------------|-----------------------------------|--------------------|------------|
| REQUESTING DEPARTMENT | Public Works | | |
| PROJECT LOCATION: | 2800 SW 72 nd Avenue | | |
| PROJECT TYPE: | Facility Improvements | PROJECT ACCOUNTING | s solar ny |
| PRIORITY TYPE: | Quality of Life | NAME: | c-solar-pv |

DESCRIPTION

This project involves the design/build of a large scale rooftop solar PV system to be placed on the Public Works Maintenance Facility (Building 6 only). An assessment will include an updated cost estimate considering the rapid change in the solar panel market.

JUSTIFICATION

This project aligns with the City's "Process Excellence" goal to "optimize city processes and operations to provide cost-effective services that efficiently utilize city resources." This project will assist the City in achieving its 20% energy and greenhouse gas emission reduction targets. In addition, it would also increase the resiliency of the Public Works Facility with regards to power outages during natural disasters.

| PROJECT NAME: | Open Storage Structure at Public Works Facility | | |
|-----------------------|---|--------------------|--|
| REQUESTING DEPARTMENT | Public Works | | |
| PROJECT LOCATION: | 2800 SW 72 Ave | | |
| PROJECT TYPE: | Facility Improvements | PROJECT ACCOUNTING | |
| PRIORITY TYPE: | Other (Described Below) | NAME: | |

DESCRIPTION

This project consists of the construction of a new 20,000 sq. ft. open storage structure that will house equipment for City departments. The structure will include a concrete slab on grade, steel columns, and metal deck with lightweight concrete. Remediation of the site will need to be done before construction can commence.

JUSTIFICATION

This project aligns with the City's Strategic Plan's "Process Excellence" goal to "optimize city processes and operations to provide cost-effective services that efficiently utilize city resources." The Public Works Facility does not have anymore covered storage space to accommodate equipment from different departments.

| PROJECT NAME: | Recertification of City Facilities (New Capital Request) | | |
|-----------------------|--|--------------------|------------|
| REQUESTING DEPARTMENT | Public Works | | |
| PROJECT LOCATION: | Citywide | | |
| PROJECT TYPE: | Facility Improvements | PROJECT ACCOUNTING | c-fac-cert |
| PRIORITY TYPE: | Other (Described Below) | NAME: | C-lac-cert |

DESCRIPTION

The recertification program in Miami-Dade County has been strengthened to include inspecting additional building components and providing a more detailed look into existing buildings. The 40 year recertifications must be performed by licensed architects or engineers. These experts look at many aspects of the buildings foundational and electrical systems, including foundation, roofing systems, masonry bearing walls, steel frames, flooring, concrete framing systems, windows, wood framing, loading, electrical service, branch circuits, conduit raceways, and emergency lighting.

JUSTIFICATION

All buildings and facilities are subject to the recertification process at 40 years and every 10-year interval thereafter for the life of the structure, pursuant to Section 8-11(f) of the Code of Miami-Dade County. This is required to make sure it is safe for people to occupy the building.
