RE: Legal Opinion Regarding Art in Public Places

Date: January 4, 2016

Pursuant to Division 21 of the City of Coral Gables Zoning Code, an Art in Public Places fee is applied to construction projects in the City of Coral Gables. It is the opinion of this office that the "Art in Public Places" fee does not apply to Art in Public Places projects as it would be the equivalent of a fee upon a fee. This could limit a particular Art in Public Places project, contrary to the intent of the program. Art in Public Places projects are therefore excluded from paying the Art in Public Places fee.

This opinion is issued pursuant to Sec. 2-201(e)(1) and (8) of the City Code and Sec. 2-702 of the Zoning Code, authorizing the City Attorney's Office to issue opinions and interpretations on behalf of the City.

Thank you, Dayron. It is my pleasure to help. Please proceed with not applying the fee. Please note, I do not technically view it as a waiver; it is more analogous to an exclusion. As a general matter, the Art in Public Places fee does not apply to Art in Public Places projects as that is not the intent of the program, and would be the equivalent of a fee upon a fee, which could limit a particular Art in Public Places project contrary to the intent of the program. Art in Public Places projects are therefore excluded from the Art in Public Places fee.

This opinion applies for this project, and I am asking Miriam and Yaneris to place into a City Attorney Opinion for future Art in Public Places projects.

I agree with Dona. That does not apply to Art in Public Places projects.

Since this is an Art in Public Places project, I don't think it qualifies as the type of "City of Coral Gables Municipal Construction Project" that requires the Historic Public Art Fund fee to be paid, but I'm copying the City Attorney's office for verification.
