RE: Legal Opinion Regarding Cone of Silence

Date: March 4, 2016

That is correct. A resident is not a covered person under the Cone of Silence therefore he/she may inquire as to the scope of services.

This opinion is issued pursuant to Sec. 2-201(e)(1) and (8) of the City of Coral Gables Code authorizing the City Attorney's Office to issue opinions and interpretations.

Michael Pounds:

In my opinion as the required communications with the resident relates to the Scope-of-Services, which is already been published in the RFQ; and the inquiry does not involve firms who may be interested in submitting a qualification statement; you can respond to his email without being in violation of the Cone of Silence.

I am copying Miriam, to get her opinion on whether communications between the Public Works Department on the Scope-of-Services with a resident regarding the issues raised in his email are subject to the Cone of Silence.

It may be better if Public Works communicates with Mr. Ruano as we could pass on the information provided in your email below, but if he had further questions Procurement would not necessarily be able to respond.

Jessica,

Although I'm not the expert on 'cone of silence' I think we do need to be careful with this one.

Michael and Pamela,

Would it be appropriate for you to reach out to Mr. Ruano and explain the following?

Last fall as part of the budget process, the City Commission approved a project

entitled ' Aragon Pedestrian Lighting and Bike Amenity Improvements'. This project was funded at \$ 800,000. For efficiency and to expedite moving this project along, staff added the planning and design of this project to the RFQ for design of City-wide bicycle amenities. Attached is a copy of the page from the approved CIP describing the specifics of this project. Similar to what we do for any street modification project, the project will include extensive public involvement to evaluate any proposed concepts and subsequent designs prior to approval.

Thank you for your input and we look forward to your continued involvement as we work to improve the bicycle network Citywide.

(Please feel free to modify or add to my suggested wording.)

Thanks

Glenn Kephart, P.E

Hi guys-

See below. Can I answer this resident/bike advocate?

Good afternoon,

I am not sure if the RFQ that was published yesterday is the same

document this individual is addressing. This is an RFQ, not an RFP, and nowhere in the document that was published is there an estimated dollar amount for the project. (He references \$800K).

Also, does the March 8 'workshop' being referenced mean the pre-proposal meeting, which is on the 8th?

At any rate, it is the scope of work that is being addressed, and not the RFQ terms and conditions. It does not appear the cone of silence applies to this individual given the below definition. (You might want to double check with CAO, however that is my interpretation).

Cone of silence is defined to mean a prohibition on:

- (1) Any communication regarding a particular request for proposals (RFP), request for qualifications (RFQ), invitation for bids (IFB) or any other advertised solicitation between a potential offeror, vendor, service provider, bidder, lobbyist, or consultant and city department heads, their staff, selection committee or evaluation committee members;

- (2) Any communication regarding a particular request for proposals (RFP), request for qualifications (RFQ), invitation for bids (IFB) or any other advertised solicitation between the city commissioners with city department directors, their staff, selection committee or evaluation committee members.

Regards,

Pamela J. Leja-Katsaris, CPPO, CPPB
