The City of Coral Gables

Finance Department

405 BILTMORE WAY
CORAL GABLES, FLORIDA 33134

March 29, 2019

Honorable Mayor, Members of the
City Commission and City Manager
City Hall
City of Coral Gables, Florida

Mayor, Commissioners and City Manager:

We are pleased to present the Comprehensive Annual Financial Report of the City of Coral Gables, Florida (the "City") for the fiscal year ended September 30, 2018, pursuant to Florida state law. The financial statements were prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board ("GASB") and audited by independent certified public accountants, RSM US LLP, retained by the City and paid from its public funds. The independent auditor has issued an unmodified opinion that the financial statements fairly present the financial position of the City and comply with applicable reporting standards.

Responsibility for the accuracy and fairness of the presentation, including disclosures, rests with management of the City. We believe the data, as presented, is accurate in all material respects, and is in a manner designed to fairly set forth the financial position and results of operations of the City, and that all disclosures necessary to enable the reader to gain an understanding of the City's financial activity have been included. The City of Coral Gables has established comprehensive internal controls designed to help ensure that the City's assets are protected from loss, theft or misuse and adequate accounting data is compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP"). Since the cost of internal control should not exceed the benefits likely to be derived, the City's internal controls are designed to provide reasonable assurance that these objectives are met.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

ECONOMIC CONDITION AND OUTLOOK

The City has a residential population of approximately 51,095 and encompasses 14 square miles southwest of Miami in Miami-Dade County, Florida. Since its incorporation in 1925, it has been considered one of South Florida's premier residential communities. The City has approximately 11 million square feet of office space and has developed into an international center of commerce serving as divisional headquarters for more than 150 multinational companies and 19 consulates and trade offices. The downtown area of Coral Gables is a vibrant business environment for its central location, proximity to international travel hubs, quality dining, and exceptional hotels. The University of Miami, the largest private employer in Coral Gables, instructs approximately 16,800 students and employs approximately 15,100 full-time faculty and staff.

The City supports both the residential and business sectors with excellent City services, having attained the highest possible standards in every field. The Coral Gables Police Department and Fire Department are both fully-accredited, an honor matched by very few cities in the U.S. The Coral Gables Fire Department is one of only a handful of fire departments in the nation to hold both the distinction of Class 1 status and full accreditation. The Coral Gables Police Department embodies this standard with their most recent CALEA reaccreditation, receiving the Gold Standard Accreditation with Excellence. Only one percent of all national law enforcement agencies have been distinguished with this accreditation.

For fiscal year 2017-2018, taxable values are the highest in the history of the City at \$15.17 billion which represents a 5.4% increase over the tax year 2016 taxable values of \$14.40 billion and property tax increase of approximately \$4.09 million. For fiscal year 2018, the property tax rate is 5.559 which is the seventh consecutive year the City has not raised its millage rate.

The City is one of only three cities in Florida and the only one in Miami-Dade County with three “AAA” bond ratings. Fitch Ratings has joined Standard & Poor’s and Moody’s in assigning the City with a “AAA” bond rating. According to Fitch Ratings, Coral Gables' 'AAA' *"reflects the strength of its financial reserves, broad budgetary flexibility and prudent management that support an expectation for stable financial performance through economic cycles. Coral Gables' economic resource base is robust and underpins its credit strengths, particularly the affordability of long-term liabilities and favorable revenue growth prospects."*

The City has a formal policy to keep in reserve 25% of the City’s operating budget plus debt service requirement for fiscal year 2018. The City has met the reserve requirement of \$44.49 million as of September 30, 2018. However, approximately \$13.28 million of reserve has been used to cover Hurricane Irma expenditures and is expected to be reimbursable from Federal Emergency Management Agency (FEMA) and State Florida. The City’s required share of expenditures has already been funded with available resources.

In April 2018, the City officially unveiled the new Miracle Mile with the completion of the Streetscape Project. The Miracle Mile and Giralda Streetscape Project is one of the City’s most exciting current investments of approximately \$28.59 million which transformed the City’s main street and one of its central shopping and dining areas to a vibrant pedestrian destination with areas for al fresco dining and a more engaging retail experience. The redesign for both Miracle Mile and Giralda Plaza includes curbless streets, shaded sidewalks, and inviting open spaces that are intimately tied to the history, character and climate of Coral Gables. This project is funded jointly by the City, Miami-Dade County and property owners directly benefitting from the improvements.

Coral Gables has been named a "Tree City USA" for 33 consecutive years. To live up to this title, the City joined the Fairchild Tropical Botanic Garden in launching the “Million Orchid Project” with the goal of reintroducing a total of one million orchids across Miami-Dade County, and at least 250,000 of which will be planted throughout the City. The City budgets \$30,000 annually for the next four years towards the project. In addition, the City adopted a Tree Succession Plan and funded \$4.5 million for this project with the goal of replacing diseased trees and adding over 3,000 new trees and palms throughout the City neighborhood, to preserve the lush tree canopy across the City. Also, the City is in the process of replacing the 1,000 city trees lost in Hurricane Irma.

The City is proud to own one of only three National Landmarks in Miami-Dade County: The Biltmore Hotel, designated in 1996. There are also eleven properties listed on the National Register of Historic Places, including The Biltmore Hotel, Coral Gables Merrick House, Venetian Pool and Coral Gables City Hall, as well as over 1,450 locally designated properties.

For ten consecutive years, Coral Gables has been designated as a Playful City USA community. Playful City USA is a national recognition program that honors cities and towns across the country for taking bold steps that make it easy for all kids to get the balanced and active play they need to thrive. Once again this year, Coral Gables has been recognized for its efforts to create a more playable, family-friendly community.

The City is named among Top 100 Best Places to Live by Livability.com, an online resource that defines the best places to live in America. It released its 2018 Top 100 Best Places to Live and the City of Coral Gables has rightfully earned a spot in this year's ranking. More than 2,100 cities with populations between 20,000 and 350,000 were evaluated in this landmark study. The site uses the best data and research available to determine what makes a Best Place to Live and identify the cities that embody these qualities. In addition to being one of the Best Places to Live, Coral Gables is also among the Top 10 Cities for Book Lovers. Also, the City was voted "Favorite Area in the 305" by YELP, an international online guide; and Wall Street named the City as "sixth most walkable suburbs in the US". Venetian Pool, City's historic natural freshwater was voted one of the world's coolest pool by Travel and Leisure Magazine and earned the Jeff Ellis Platinum Safety Award (the highest level awarded for open water).

Coral Gables is one of 35 Champion Cities selected as finalists in the 2018 U.S. Mayors Challenge, a nationwide competition that encourages city leaders to uncover bold, inventive ideas that confront the toughest problems cities face. The City of Coral Gables generated an idea to make its existing critical infrastructure more resilient to natural disasters and other events that may impair emergency response services by integrating smart energy micro-grids that will deliver power when all other backup power supplies fail. The Champion Cities has a six-month testing phase where they will conduct public prototypes of their ideas with grant funding of up to \$100,000 per city.

The National Institute of Science and Technology (NIST) included the Coral Gables smart city initiatives into its Global City Teams "Smart and Secure Cities and Communities Challenge" (GCTC). This program is a collaborative platform for the development of smart cities and communities, led by prestigious technical organizations of national prominence. The NIST launched the Global City Teams Challenge to encourage collaboration and the development of standards among these "top tech" national organizations.

MAJOR INITIATIVES

The City Commission adopted an annual budget for fiscal year 2017-2018 which provides for additional funds towards the capital improvement program totaling \$23.9 million. Highlights include replacement of capital equipment of \$1.6 million, facility repairs and maintenance of \$1.5 million, historic facility repairs and restorations of \$2.1 million, motor pool equipment replacement of \$3.3 million, parking system repairs and maintenance of \$1.1 million, parks and recreation amenity improvements of \$2.8 million, public safety improvements of \$1.6 million, transportation and roadway improvements of \$5 million and utility repairs and improvements of \$4.7 million.

During fiscal year 2018, the City started the pre-construction phase of the new Public Safety Building with attached parking garage (PSB Project). The new PSB Project will house the City's Police and Fire administration and headquarters, 911 Call Center and First Responders Dispatch Center, Emergency Operation Center, Fire Station and administrative office. The project cost is estimated at \$64.03 million. The project is located on an assemblage of two city owned sites and newly owned site acquired through a land swap agreement. In fiscal year 2018, approximately \$2.1 million has been spent on this project.

In fiscal year 2017, the City made it a priority to enhance the neighborhoods' quality of life through ongoing development and landscape beautification of various pocket parks throughout the City. The City continues to engage the surrounding communities in the development of these pocket parks to best suit the needs of the

neighborhoods. Projects with cost approximately \$540,000 was completed in fiscal year 2018 and on-going project has cumulative cost of \$698,000.

To preserve the architectural history and heritage of the City, during 2018 the City completed the Coral Gables Merrick House major restoration work and several major restoration and renovation projects of City's historic plazas, fountains and entrance ways. These projects cost approximately \$3.7 million.

The renovation and improvements of the Youth Center War Memorial is nearing completion in fiscal year 2018 which involves roof repair, resodding and irrigation, fence replacement, and structural improvements. The project cost was approximately \$2 million as of fiscal year 2018.

The renovation of the City's Fire Station 3 was completed in fiscal year 2018 with project cost of approximately \$1.26 million.

The City now has the lowest incidents of reported vehicle and residential burglaries citywide in more than 15 years and has also dramatically reduced traffic homicides and crashes. Greater emphasis has been placed on reducing speeding in the community, school zones, and major roadways. The Phase I of the citywide installation of CCTV cameras at strategic was completed in fiscal year 2017 which improves security and public safety through enhance information gathering and threat assessment to residents and businesses. The Phase II of this project is underway in fiscal year 2018 and projects cost is approximately \$480,000.

The City passed a resolution in 2015 authorizing the implementation of the unfunded pension liability accelerated pay down policy. The policy was adopted to reduce the amount of time to fully fund the current unfunded liability amount and where funds are available, eliminate any future pension unfunded liabilities as they may arise. This resolution allows for budgeting additional payments above the annual required contribution in order to more quickly fund the unfunded liability. As part of the implementation of the policy, the City contributed an additional \$3.35 million to the Coral Gables Retirement System in October 2017 which was applied towards the unfunded liability. The City has contributed a total of \$10.65 million in additional funds towards the unfunded liability since fiscal year 2016.

The City is maintaining financial stability with fiscal management controls by constantly reviewing and monitoring staff levels, and by comparing budget appropriations to actual expenditures, and estimated revenues to actual revenues. The City maintains a level of revenue sufficient to meet operating expenditures. User fees are monitored and adjusted to match increased costs while at the same time being competitive in the market place. By strictly adhering to these controls, the City was able to restore the fund balance reserve to a responsible level of at least 25% of the operating budget plus debt service payment requirements of the following year. With the City's available fund balance, the City was able to fund approximately \$17 million of emergency preparedness, clean-up and restoration costs brought about by Hurricane Irma while maintaining stable and fully funded current operations.

Long Term Financial Planning. The City Commission adopted an annual budget for fiscal year 2018-2019 which represents the third of a 3-year city-wide strategic plan that captures the programmatic and budgetary priorities of the City with supporting action plans and performance measurements destined to make Coral Gables "a world-class City with a hometown feel". The annual budget together with the 3-year strategic plan and 5-year capital plan chart out a deliberate and measurable path to world class excellence that support the steadfast implementation of the City's sound financial policies. The fiscal year 2018-2019 budget provides for additional funds towards the capital improvement program totaling \$24.8 million. Highlights include replacement of capital equipment of \$2.1 million, facility repairs and maintenance of \$1.3 million, historic facility repairs and restorations of \$1.5 million, motor pool equipment replacement of \$3.6 million, parking system repairs and maintenance of \$600,000, parks and recreation amenity improvements of \$2.4 million, public safety improvements

of \$5.7 million, transportation and roadway improvements of \$3.1 million and utility repairs and improvements of \$4.5 million.

The City's goal is to grow its tax base with strategic investments throughout the City, as provided in the Neighborhood Renaissance Program (NRP). The NRP is designed to be a blueprint to create "quality settings" in which the City's residents can live, work and play. The projects included in this program are intended to further enhance the City's neighborhoods build upon the City's reputation as a city with a firm commitment to the future of its neighborhoods. This initiative outlines a number of projects that improve a host of community facilities to provide an outstanding quality of life for the residents. This program will help to further brand Coral Gables as a great and distinctive place that is poised to compete with every other place for residents, visitors, business investments and events. The NRP estimated program costs is \$27.8 million and is funded from the proceeds of Series 2012 and 2011 Revenue Bonds, impact fees, local grants and private donations. As of fiscal year 2018 approximately \$20.9 million has been spent on NRP projects.

The 2017-2019 Strategic Plan was implemented at the start of fiscal year 2017. The new three-year strategic plan is a city-wide work program that positions the City for consistent success moving forward. This plan includes improved processes, the introduction an ongoing community satisfaction survey to further guide improvements and validate successes, well-trained employees, and greener business practices. The annual budget adopted by the City represents the comprehensive financial plan on resource allocation, timeliness and deliverables for each action plan tied to the new strategic plan.

The City's first Sustainability Master Plan is underway, which is part of the City's overall commitment to strategic and comprehensive sustainability planning throughout all City departments. Focus areas include six sustainable elements such as energy efficiency, resource conservation, land use and transportation, waste minimization, education and outreach, and climate resiliency. As part of the Sustainability Master Plan, the City has developed an eight-year vehicle replacement program budget that utilizes a mixture of funds from the motor pool reserves and increments from recurring revenues to plan and finance the fleet replacement in a manner consistent with standard vehicle replacement cycles. This plan will improve the fuel efficiency and reduce operating costs of the City's fleet system.

The City is taking actions to reduce the carbon footprint through improved infrastructure, with the addition of the Grand Avenue Loop to the free trolley service. This new loop is intended to reduce car use by encouraging public transportation, as the new loop will provide service from the Douglas Metro Station. The City passed a Green Building Ordinance in April 2016 that requires buildings in Coral Gables to be built according to the latest applicable version of the U.S. Green Building Council's Leadership in Energy and Environmental Design (LEED) Silver certification or equivalent. This applies to all new City buildings, buildings being constructed on City of Coral Gables property, and all buildings to be built over 20,000 square feet which are not owned by the City of Coral Gables. With this new law, the City is encouraging new development which utilizes sustainable design and construction best practices. The City's Green Building Ordinance recognizes the positive environmental impacts of energy and water-efficient building designs, as well as construction, operation and maintenance methods and materials. This Ordinance is aligned with a number of other environmentally friendly initiatives that have been implemented in Coral Gables, all aimed at creating a more sustainable and resilient community. In addition, in May of 2017, the City became the first municipality in Florida to prohibit single-use carry out plastic bags. All retail establishments in the city, including supermarkets, grocery stores, convenience stores, shops, service stations, restaurants and any other sales outlets must replace single-use plastic bags with reusable, recyclable or compostable alternatives.

Climate change is an issue that Coral Gables takes very seriously with particular weight placed on rising sea level. The City has dedicated \$250,000 in partnership with Florida International University to analyze mitigation and adaptation strategies for the community. City of Coral Gables is planning for the future by undergoing a community vulnerability assessment. The assessment will identify the City's at-risk infrastructure and will propose adaptation and mitigation strategies to deal with the projected effects of rising sea level. In addition, the City implemented a Sea Level Rise Funding Program where the goal is to accumulate \$100 million by the year 2040 to support future sea level mitigation/infrastructure improvements. As a funding strategy to provide and accumulate funds for capital infrastructure improvements, the City increased the user rates and set aside this fund for this purpose.

FINANCIAL INFORMATION

Budgetary Controls. The City maintains budgetary controls to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City's governing body. Activities of the general fund and debt service funds are included in the annual appropriated budget. Project-length financial plans are adopted for the capital projects funds. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is the total appropriated for expenditures in all funds. The City also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Open encumbrances generally are reappropriated as part of the following year's budget.

As demonstrated by the statements and schedules included in the financial section of this report, the City continues to meet its responsibility for sound financial management.

OTHER INFORMATION

Independent Audit. The City Charter and State Statutes require an annual audit. The accounting firm of RSM US LLP was appointed by the City Commission. The Audit engagement requires the independent auditor to report on the fair presentation of the financial statements and on the City's internal controls and compliance with legal requirements.

Awards. The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its comprehensive annual financial report for the fiscal year ended September 30, 2017. This was the thirty fourth consecutive year that the City has received this award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments. The preparation of the comprehensive annual financial report was made possible by the dedicated service of the entire staff of the Finance Department. Sincere appreciation is extended to each member of the Finance Department for their contributions made in the preparation of this report. This report would not have been possible without the continued leadership and support of the Mayor, City Commission and City Manager.

Sincerely,

A handwritten signature in blue ink, appearing to read "Diana Gomez", with a large, stylized flourish at the end.

RSM US LLP

Independent Auditor's Report

Honorable Mayor and Members
of the City Commission
City of Coral Gables, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Coral Gables, Florida (the City), as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the City of Coral Gables Retirement Fund and Police Officers' Pension Fund, which represent 86% of the total assets/deferred outflows of resources and 61% of the total revenues/additions of the aggregate remaining fund information. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the City of Coral Gables Retirement Fund and Police Officers' Pension Fund, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the City of Coral Gables Retirement Fund were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

THE POWER OF BEING UNDERSTOOD
AUDIT | TAX | CONSULTING

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Coral Gables, Florida, as of September 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the accompanying financial statements, the City adopted the recognition and disclosure requirements of Governmental Accounting Standards Board Statements No. 75, *Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions* effective October 1, 2017. The net position balances of the governmental activities, business-type activities, sanitary sewer system fund, parking system fund and the aggregate remaining fund information as of October 1, 2017 has been restated. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (MD&A), budgetary comparison information for the general fund, and the other-post-employment benefits and pension related schedules be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying introductory section, the combining individual fund statements and schedules, and the statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining individual fund statements and schedules are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, the combining individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 29, 2019 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

MANAGEMENT’S DISCUSSION AND ANALYSIS (Unaudited)

This section of the City’s financial statements presents management’s analysis of the City’s financial performance during the fiscal year that ended on September 30, 2018. We encourage readers to consider the information presented here in conjunction with the additional information that we have furnished in our Letter of Transmittal and the City’s financial statements.

Financial Highlights

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$138.97 million (net position). Of this amount, unrestricted net position is a deficit of \$73.89 million which decreased by \$12.90 million when compared to prior year due to the effect of recognition of total Other Post-Employment Benefits (OPEB) liability of \$16.03 million. Excluding the effect of the total OPEB liability, the City’s unrestricted net position would have been a deficit of \$57.92 million and an increase of \$3.07 million compared to FY 2017.
- As of the close of the current fiscal year, the City’s governmental funds reported combined fund balances of \$168.86 million, an increase of \$50.93 million in comparison with the prior year. Of this amount, \$31.21 million or approximately 18.48% is unassigned fund balance in the General Fund which met the City’s formal policy of reserve fund balance of 25% of the City’s operating budget plus debt service requirement of fiscal year 2019.
- At the end of the current year, the total of the committed, assigned, and unassigned components of fund balances for the general fund was \$49.84 million or 32.33% of the total general fund expenditures and is available for future spending.
- The City has no general obligation debt outstanding.
- The 2017-2018 annual principal and semi-annual interest payments on loans from the Sunshine State Governmental Financing Commission are 100% funded from the non-ad valorem revenues of the General Fund; and operating revenues of the Parking System Fund and the Stormwater Utility Fund.
- During fiscal year 2018, the City started the pre-construction phase of the new Public Safety Building with attached parking garage (PSB Project). The new PSB Project will house the City’s Police and Fire administration and headquarters, 911 Call Center and First Responders Dispatch Center, Emergency Operation Center, Fire Station and administrative office. The project cost is estimated at \$64.03 million. The project is located on an assemblage of two city owned sites and newly owned site acquired through a purchase and sale agreement.
- To finance the cost of the PSB Project, the City issued Capital Improvement Revenue Bonds Series 2018A with total principal and premium amount of \$50.4 million. The 2018A Bonds are secured by a covenant to budget and appropriate from legally available non ad valorem revenue.

- The City’s Streetscape Improvement Project for Miracle Mile and Giralda Avenue was completed during fiscal year 2018 with total project cost of approximately \$28.59 million which included design, the guaranteed construction price, construction administration services, and other related project costs.
- To finance the cost of the Streetscape Improvement Project, the City issued Capital Improvement Revenue Bonds Series 2016A, Series 2016B and Series 2016C with total principal and premium amount of \$23.79 million. The 2016 Bonds are secured by a covenant to budget and appropriate from legally available non ad valorem revenue. In addition, the 2016 Bonds are secured by special assessments imposed on properties located in the defined assessment areas that specially benefit from the improvement projects. The assessment is payable in annual installment for a period of twenty (20) years as non-ad valorem assessment on the same tax bill as ad valorem taxes. The first annual installment commenced with the ad valorem tax bill issued in November 2017.
- As of September 30, 2018, the City has incurred expenditures of approximately \$16.95 million for emergency and preventive measures, clean-up and restoration costs related to Hurricane Irma which struck the South Florida area on September 10, 2017. The City funded the hurricane related expenditures from the unassigned fund balance of the General Fund.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City’s basic financial statements. The basic financial statements consist of three parts: government-wide financial statements, fund financial statements and notes to the financial statements.

This report also includes required supplementary information that provides more detail to some of the information in the financial statements.

Government-Wide Financial Statements

The government-wide financial statements of the City provide a broad overview of the City’s finances and reports information about the City using accounting methods similar to those used by private sector companies.

The Statement of Net Position includes all of the City’s assets, liabilities and deferred inflows/outflows of resources, with the difference reported as net position. It provides information about the nature and amounts of investments in resources (assets and deferred outflows of resources) and the obligations to City creditors (liabilities and deferred inflows of resources). Net position, the difference between assets, plus deferred outflows of resources, less liabilities and deferred inflows of resources, provide the basis for computing rate of return, evaluating the capital structure of the City, and assessing the liquidity and financial flexibility of the City. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities measures the activities of the City’s operations over the past year and can be used to determine whether the City has successfully recovered all its costs through its services provided, as well as its credit worthiness. All changes in net position are reported as

soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods.

The government-wide statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). Governmental activities include general government, public safety, physical environment, transportation, economic environment and culture and recreation. Business-type activities include a stormwater utility, a sanitary sewer collection system and a parking system.

The government-wide financial statements can be found on pages 20-21 of this report.

Fund Financial Statements

Governmental Funds - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, these funds focus on near-term inflows and outflows of spendable resources as well as on balances of spendable resources available at the end of the fiscal year. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains eight individual governmental funds. Information is presented separately for the general fund, debt service fund and capital project general improvement fund, as they are considered major funds. Data for the other governmental funds are aggregated into a single presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The basic governmental fund financial statements can be found on pages 24-27 of this report.

Proprietary Funds - The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for a stormwater utility, a sanitary sewer collection system and a parking system. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its maintenance facility for automotive and other City equipment, its building maintenance, utilities and general housekeeping services for City property and for its general, automobile and workers' compensation insurance programs. Because these services primarily support governmental rather than business-type functions, they have been included within governmental activities in the government-wide statements.

Proprietary funds provide the same type of information as the government-wide statements. Separate information is provided for each of the City's enterprise funds, however, the City's internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data are presented in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 30-32 of this report.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside of the government and, consequently, are not reflected in the government-wide statements because the resources are not available to support the City's own programs. The accounting for fiduciary funds is much like that of proprietary funds.

The basic fiduciary fund financial statements can be found on pages 33-34 of this report.

Notes to the financial statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found beginning on page 35 of this report.

Other information - In addition to the basic financial statements and notes, this report also presents certain required supplementary information concerning the City's net pension liability and total OPEB liability. Additionally, the City adopts an annual appropriated budget for its general fund and debt service fund. A budgetary comparison schedule has been provided as required supplementary information for the general fund to demonstrate compliance with this budget. Required supplementary information can be found beginning on page 98 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds, internal service funds and fiduciary funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found beginning on page 106 of this report.

Government-Wide Financial Analysis

Our analysis of the government-wide financial statements of the City begins below. One of the most important questions asked about the City's finances is "Is the City as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the City's activities in a way that will help answer this question. These two statements report the net position of the City and changes in them. You can think of the City's net position as one way to measure financial health or financial position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating. However, you will need to consider other non-financial factors such as changes in economic conditions, regulations and new or changes to government legislation. As of September 30, 2018, the City's total net position increased by \$3.61 million when compared to prior year, while the statement of activities showed a positive change in net position of \$19.64 million. The decrease of \$16.03 million in total net position is due to the effect of the implementation of GASB 75 which resulted to the restatement of the beginning net position with a decrease of the same amount, as further discussed in footnotes 1(aa) and 8 of the financial statements.

To begin our analysis, a summary of the City's government-wide Statement of Net Position is presented in Table A-1.

Table A-1
Condensed Statement of Net Position (In millions of dollars)

	Governmental		Business-Type		Total	
	Activities		Activities			
	2018	2017	2018	2017	2018	2017
Current and other assets	\$ 246.00	\$ 195.77	\$ 27.19	\$ 20.88	\$ 273.19	\$ 216.65
Capital assets	233.17	215.90	42.84	43.32	276.01	259.22
Total Assets	479.17	411.67	70.03	64.20	549.20	475.87
Total Deferred Outflows of Resource	44.20	40.53	1.48	1.35	45.68	41.88
Current liabilities	28.30	28.17	2.89	2.91	31.19	31.08
Noncurrent liabilities	376.65	322.80	21.36	22.71	398.01	345.51
Total Liabilities	404.95	350.97	24.25	25.62	429.20	376.59
Total Deferred Inflows of Resource	26.00	5.72	0.71	0.08	26.71	5.80
Net Position:						
Net Investment in capital assets	148.62	141.70	29.79	29.22	178.41	170.92
Restricted	31.27	24.05	3.18	1.38	34.45	25.43
Unrestricted (Deficit)	(87.47)	(70.24)	13.58	9.25	(73.89)	(60.99)
Total Net Position	\$ 92.42	\$ 95.51	\$ 46.55	\$ 39.85	\$ 138.97	\$ 135.36

The major component of the City’s net position is “net investment in capital assets”, which represents the City’s investment in its capital assets, net of the amounts borrowed to purchase these assets. An additional portion of the City’s net position of \$34.45 million, or 24.78% of the net position, is restricted due to external restrictions on how they may be used. The City’s unrestricted net position is a deficit of \$73.89 million.

For the governmental activities, capital assets represent 48.66% of total assets, while noncurrent liabilities represent 93% of the total long-term liabilities. For the business-type activities, these capital assets represent 61% of total assets, while noncurrent liabilities represent 88% of the total long-term liabilities.

Current and other assets increased \$50.23 million for governmental activities mainly due to (a) unspent proceeds of \$49.63 million from the issuance of Capital Improvement Revenue Bonds to fund the construction of the new PSB project and (b) positive results of operations of \$3.89 million as shown in the statements activities on page 21 of this report. Current and other assets increased \$6.31 million for business-type activities mainly due to positive results of operations of \$7.12 million as shown in the statements of activities on page 21 of this report. More detailed analysis of this change is included in the analysis of the Proprietary Funds that follows.

Current liabilities increased by \$130,000 for governmental activities. Although the total increase is not significant, the significant components of current liabilities changed. In prior fiscal year the significant increase was due to accrued payroll and outstanding invoices related to Hurricane

Irma emergency preparedness and recovery/restoration activities; in the current fiscal year, the significant increase was in the deposit payable from the permitting process as a result of increase in the construction and improvement projects in the city. Current liabilities decreased \$20,000 for business-type activities mainly due to decrease in outstanding contractor invoices related to various improvement projects related to sanitary sewer system inflow and infiltration maintenance projects and continuing maintenance and upgrade of parking garages.

Total Non-current liabilities had a net increase of \$52.5 million due to (a) decrease in net pension liability of \$21.66 million; (b) issuance of special bonds at a premium of \$50.38 million, bond refunding and scheduled annual principal payments of \$45.10 million; (c) repayment of capital lease payable of \$180,000 and new capital lease financing of \$280,000; (d) increase in total OPEB liability of \$15.85 million; (e) increase in claims payable of \$550,000; (f) increase in pollution remediation liability of \$130,000; and (g) obligation on purchase and sale of land in the amount of \$11.5 million for the parcel of land where the new PSB and parking garage are being built.

The deferred outflows of resources consist of deferred outflows related to pension and OPEB, and deferred charge on bond refunding. Deferred outflows related to pension and OPEB of \$45.43 million consists of difference between expected and actual experience and pension and OPEB contributions to be expensed in the subsequent period. Deferred charge on refunding of \$239,000 resulted from issuance of a refunding bond with reacquisition price exceeding the net carrying value of the refunded debt.

The deferred inflows of resources consist of business tax receipts of \$3.12 million received in advance for fiscal year 2019, and deferred inflows related to pension of 21.79 million representing the net difference between projected and actual earnings on pension plan investments, the deferred inflows related to OPEB of \$1.79 million represents the difference between actual and expected experience and changes in assumptions.

While the Statement of Net Position shows the change in financial position of the City's net position, the Statement of Activities provides answers as to the nature and source of these changes.

Table A-2
Condensed Statement of Activities (In millions of dollars)

	Governmental		Business-Type		Total	
	Activities		Activities

Net Position - Ending	\$ 92.42	\$ 95.51	\$ 46.55	\$ 39.85	\$ 138.97	\$ 135.36

*The City implemented GASB Statement No. 75 as of October 1, 2017.

*The information was not available to implement the statement for the prior periods presented in the MD&A.

Governmental Activities:

The most significant increase of revenue in governmental activities for the fiscal year 2017-2018 was charges for services with an increase of \$9.91 million or 23% mainly due to (a) increase in impact fee special assessment of \$5.5 million which is a direct effect of timing and size of new construction projects within the city and addition of new types of impact fee and system improvements in specific areas in the city; and (b) increase in permit revenue of \$2.7 million as direct effect of increase in construction and improvement activities in the city.

Taxes increase by \$5.15 million or 5% mainly due to an increase of \$5.02 million in ad valorem taxes collected during the year attributable to the increase in property values in 2017.

Capital grants and contributions increase by \$2.54 million due to contributions from developers of \$2.79 million as part of project development agreement with the City.

The largest outflow of resources for the City is represented in the public safety function which represents the City's costs related to providing police and fire services, as well as various ancillary services for the protection of the City's residents and businesses. Further analysis of change in the expenditures of the governmental fund is included in the analysis of the City's major funds.

Business-Type Activities:

The City's business-type activities showed an increase of approximately \$7.12 million in net position. Further analysis of this change is included in the analysis of the Proprietary Funds that follows.

Financial Analysis of the City's Major Funds

Governmental Funds

General Fund - This fund recognized \$157.07 million of revenue during the fiscal year, offset by \$154.14 million of expenditures. Taxes represent the largest portion of revenues and public safety represents the largest portion of expenditures. In fiscal year 2018, public safety function increased \$10.67 million, general government function increased \$1.76 million, culture and recreation increased \$663,000 and physical environment function increased \$537,000. These increases are mainly due to increase in personnel costs and repairs and maintenance-type work on various city facilities. Also contributing to the increase in the public safety function was the expenditures incurred by the City related to Hurricane Irma for emergency and preventive measures, clean-up and restoration costs of approximately \$12 million. The City maintained its millage rate at 5.5590 and maintained a more stable source of revenues and maintained stringent controls on expenditures to achieve a positive result of operations in fiscal year 2018.

Debt Service Fund – In fiscal year 2018, the City paid \$4.71 million in scheduled principal payments including full redemption of bonds with par value of \$15,000 from Series 2016A. The full redemption is funded from full prepayments of special assessments received from property owners as part of the Streetscape Improvement Assessment Program. In addition, the City refunded the Series 2012 Revenue Bonds with outstanding balance of \$35.28 million, of which \$30.8 million is in governmental funds.

Capital Project General Improvement Fund - This fund recognized \$1.41 million in revenues and offset by \$13.09 million in capital expenditures. Significant capital project expenditures include the Streetscape Improvement Projects for Miracle Mile and Giralda Avenue, construction of the new of Public Safety building, sidewalk extensions and additions, improvements of various parks and construction and improvements of City facilities.

Proprietary Funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements, for business-type activities, but in more detail.

Sanitary Sewer - Operating revenues increased by approximately \$707,000 and operating expenses decreased by approximately \$4.2 million from the prior year. The increase in the operating revenue is due to an average of 6% increase in sanitary sewer collection rate effective in June 2016 to cover the increase in wastewater treatment and disposal charges from Miami-Dade County. The decrease in the operating expenses is attributable to decrease in sewer infrastructure repair of \$1.5 million and waste disposal fee credits of \$1.2 million from Miami-Dade County as refund for overbilling in fiscal year 2017 due to out of range wastewater flow. During the current year, the Sanitary Sewer Fund received \$42,000 as transfers-in from the Parking Fund to provide additional funding for the repairs and maintenance of sewer pumps; and transferred approximately \$1.26 million to the General Fund to subsidize the cost of operations of the fund.

Parking System - Operating revenues increased by approximately \$2.2 million from the prior year. The increase in the operating revenue is mainly due to the completion of the Miracle Mile and Giralda Streetscape Project which re-opened parking spaces within the areas affected by the construction and current parking rates have been implemented. The operating expense showed decrease of \$916,000 mainly related to various repairs and maintenance to garage facilities. Additionally, during the current year the Parking Fund transferred approximately \$7 million to the General Fund to subsidize the cost of operations of the fund; and \$42,000 to the Sanitary Sewer Fund to provide additional funding for the repairs and maintenance of sewer pumps.

Stormwater Utility Fund - Operating revenues increased by approximately \$604,000 from the prior year. In fiscal year 2018, the City increased the system user rates by approximately 12% as a funding strategy to provide and accumulate funds for capital infrastructure improvements as part of the sea level rise mitigation related storm water improvements. With this funding strategy in place as approved by the City Commission, the goal is to accumulate \$100 million by fiscal year 2040. For fiscal year 2018, \$1.2 million of operating revenue related to this rate increase was recognized as addition to restricted net position and presented as Net Position - Restricted for Capital Improvements in Statement of Net Position. In addition, during fiscal year 2018 the Stormwater Utility Fund transferred approximately \$482,000 to the General Fund to subsidize the cost of operations of the fund.

General Fund Budgetary Highlights

Budget and actual comparison schedules are presented in the required supplementary information for the General Fund. The budget and actual comparison schedules show the original adopted budgets, the final revised budget, actual results, and variances between the final budget and actual results.

After the original budget is approved, it may be revised for a variety of reasons such as unforeseen circumstances, loan proceeds, new grant awards, or other unanticipated revenues and expenditures.

Differences between the original budget and the final amended budget for the General Fund are summarized as follows:

The City's budgeted revenues increased from \$143.74 million to \$148.91 million from the original to the final budget. The City's budgeted expenditures increased from \$147.48 million to \$148.83 million from the original to the final budget. For the fiscal year, the budget amendments related to revenue pertain to increase in contributions and donations to account for the contributions from a private developer as provided for in the development agreement with the City. The budget amendments related to expenditures mainly pertain to increase in public safety grants related activities, promotional and advertising expenses for economic development, and promotional and other expenses related to art exhibition for culture and recreation.

The City budgeted \$148.91 million in revenue and recognized \$157.07 million. The City budgeted \$148.83 million in expenditures, but incurred \$154.14 million.

The budget to actual variances in revenue were due to increases in the receipts of delinquent property taxes, utility service taxes, permits and related building and planning fees as a direct result of the increase in construction and new developments in the City, increase in recreation activity fees, board of architect review and concurrency review fees, passport processing fees, and increase in receipt of equitable sharing revenues from federal agencies as part of the City's participation in public safety operations/programs.

The budget to actual variances in expenditures were due to decreases in general government, physical environment, economic development, and culture and recreation, as a result of management initiatives towards more prudent control on spending. The increase in public safety is mainly due to approximately \$12 million in expenditures incurred by the City related to Hurricane Irma for emergency and preventive measures, clean-up and restoration costs.

Capital Assets and Debt Administration

Capital Assets

The City's capital assets for its governmental and business type activities as of September 30, 2018 amounted to \$276.01 million (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, parks, roads, highways, and bridges. The City's investment in net capital assets increased by \$16.78 million from the prior year.

During the current fiscal year, significant additions in governmental activities included \$11.5 million for the land acquired for the new PSB and parking garage project, \$9.28 million of various construction projects in progress, and \$6.24 million in machinery and equipment. Significant additions for business-type activities included \$526,000 in construction in progress relating to improvements parking facilities and various pump stations and \$723,000 in machinery and equipment.

Table A-3
Capital Assets (In millions of dollars)

	Governmental		Business-Type		Total	
	Activities		Activities			
	2018	2017	2018	2017	2018	2017

Net Capital Assets	\$ 233.17	\$ 215.90	\$ 42.84	\$ 43.33	\$ 276.01	\$ 259.23

Additional information on the City’s capital assets can be found in Note 5 of this report.

Debt Administration

The City has received a “AAA” issuer credit rating from Standard & Poor's Corporation, Moody’s Investors Service and Fitch Ratings. The City has no general obligation bonds outstanding as of September 30, 2018.

The City has utilized the Sunshine State Governmental Financing Commission (the “Commission”) since 1987 as its primary funding source to finance the acquisition and construction of City facilities. The Commission was created in November 1985 to provide a limited number of qualifying governments the ability to participate in pooled debt financings with pricing and cost structures not normally available to governmental entities acting individually. The loans issued from the Commission are the obligation and debt of the individually participating city. There are twelve cities and three counties in Florida that are members of the Commission.

The City’s total outstanding Sunshine State Governmental Financing Commission principal debt outstanding as of September 30, 2018 was \$129.91 million. Financing is provided by a general pledge of resources other than property taxes and the amount needed is transferred from other funds. In addition, the Capital Improvement Revenue Bonds Series 2016A, and Series 2016B are also secured by special assessment imposed on benefited property owners.

Additional long-term liabilities include obligation on purchase and sale of land, compensated absences payable, pollution remediation obligation, total OPEB liability, estimated claims liabilities related to the City’s self-insurance programs, and net pension liability. The City’s General Fund is primarily utilized for the payment of these liabilities for the governmental activities. Overall, long-term liabilities increased by \$52.49 million. This increase is due primarily to the net effect of the following: (a) decrease in net pension liability of \$21.66 million; (b) issuance of special bonds at a premium of \$50.38 million, bond refunding and scheduled annual principal payments of \$45.10 million; (c) repayment of capital lease payable of \$180,000 and new capital lease financing of \$280,000; (d) obligation on purchase and sale of land in the amount of \$11.5 million for the parcel of land where the new PSB and parking garage are being built; (e) increase in total OPEB obligation of \$15.85 million; and (f) increase in claims payable of \$550,000.

Table A-4

Long-Term Liabilities (In millions of dollars)

	Governmental Activities		Business-Type Activities		Total	
	2018	2017	2018	2017	2018	2017
Special Obligation Debt	\$ 122.83	\$ 76.49	\$ 14.36	\$ 15.60	\$ 137.19	\$ 92.09
Estimated Insurance Claims	13.28	12.73	-	-	13.28	12.73
Accrued Compensated Absences	10.76	9.86	0.32	0.30	11.08	10.16
Capital Lease	0.45	0.32	0.01	0.04	0.46	0.36
Obligation on Purchase and Sale of Land	11.50	-	-	-	11.50	-
Pollution Remediation Obligation	0.16	0.03	-	-	0.16	0.03
Total OPEB Liability	25.83	10.36	0.63	0.25	26.46	10.61
Net Pension Liability	191.83	213.01	6.04	6.52	197.87	219.53
Total	\$ 376.64	\$ 322.80	\$ 21.36	\$ 22.71	\$ 398.00	\$ 345.51

Additional information on the City’s long-term debt can be found in Note 7 of this report; net pension liability and OPEB liability are discussed in Notes 8 and 9, respectively, of this report.

Economic Factors and Next Year’s Budget and Rates

Local, national and international economic factors influence the City’s revenue. Positive economic growth is correlated with increased revenue from property taxes, sales taxes, charges for services, as well as state and federal grants. Economic growth in the local economy may be measured by a variety of indicators such as employment growth, unemployment rate, new construction and assessed property valuation. Net assessed value of real and personal property within the County increased by 8.4%.

The City is considered one of the premium office markets in South Florida, with approximately 10 million square feet of existing prime office space. This submarket is desirable due to its proximity to Miami International Airport and downtown Miami area, while also being convenient to executive housing, allowing officers to live and work in the City Beautiful. Access to client entertaining, with world-class restaurants and first class hotels, in addition to rich cultural offerings and a broad range of retail establishments, are also seen as important amenities to attract business and growth.

The City of Coral Gables offers a wide range of housing choices including rental units, condominiums, and single-family homes in a stable residential real estate market. Over the years, homes in the City have appreciated at a rate greater than many of the surrounding areas. The City’s property tax millage rate will be 5.559 for FY 2018-2019 and it is the 11th lowest combined tax rate out of 35 taxing entities in Miami-Dade County. The median just (“market”) home value, estimated at \$593,761, has increased by nearly 99% since 1970 and has increased by nearly 86% since 1980. Strict zoning laws, a favorable property tax rate, together with beautiful residential areas, make the City of Coral Gables a sought-after address.

Requests for Information

This financial report is designed to provide a general overview of the City’s finances for all those with an interest in the City’s finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the City’s Finance Director, 405 Biltmore Way, Coral Gables, Florida 33134.

CITY OF CORAL GABLES, FLORIDA
 RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET -
 TO THE STATEMENT OF NET POSITION
 September 30, 2018

Total Fund Balances - Governmental Funds \$ 168,859,245

Amounts reported for *governmental activities* in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds. 222,830,179

Other long-term assets are not available to pay current period expenditures and, therefore are reported as unavailable revenue in the governmental funds. 20,471,037

Internal service funds are used by management to charge the costs of certain activities such as insurance and fleet management to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. 17,342,010

The Statement of Net Position includes an adjustment to reflect an allocation of the internal service funds income to business-type activities. This adjustment decreases the Internal Balances account of governmental activities. (1,951,741)

Long-term liabilities are not due and payable in the current period and therefore are not reported in the governmental funds.

Compensated Absences	\$	(10,379,292)	
Special Obligations Debt Payable		(115,915,330)	
Premium on Special Obligation Debt Issued		(6,912,718)	
Deferred Charge on Bond Refunding		143,625	
Obligation on Purchase and Sale of Land		(11,500,000)

CITY OF CORAL GABLES, FLORIDA
 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
 AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS
 TO THE STATEMENT OF ACTIVITIES
 For the Fiscal Year Ended September 30, 2018

Net Change in Fund Balances - Total Governmental Funds \$ 50,926,628

Amounts reported for *governmental activities* in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay expense exceeded depreciation expense and net disposal of assets in the current period.

Depreciation Expense	\$ (7,652,182)	
Capital Outlay	12,178,232	
Disposal of Assets	<u>(45,551)</u>	4,480,499

Revenues recognized in the statement of activities which are not available are not recognized in the governmental funds.

Change in unavailable revenues	<u>(591,175)</u>	(591,175)
--------------------------------	------------------	-----------

Debt issued provides current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but reduces long-term liabilities in the statement of net position. This is the amount by which repayment exceeded the amount issued in the current period.

Loan Repayments	35,431,299	
Debt Proceeds	<u>(81,821,968)</u>	(46,390,669)

Internal service funds are used by management to charge the cost of certain activities, such as insurance and fleet management, to individual funds. The net revenue of internal service funds is reported with governmental activities.

686,071

The amount of the internal service fund's income on transactions with business-type activities was eliminated from the governmental activities in the statement of activities.

(263,127)

Expenses in the statement of activities that do not require the use of current financial resources are not reported in the government funds.

Compensated Absences	(862,185)	
Pollution Remediation	(135,000)	
Amortization of Premium on Special Obligations		
Debt Issued	19,790	
Amortization of Deferred Charge on Refunding	<u>(27,376)</u>	(1,004,771)

Other postemployment benefits (OPEB) and pension expenses were reported in the Government-Wide Statement of Activities, but they did not require the use of current financial resources. Therefore, the increase or decrease in OPEB and net pension liabilities were not reported as an expenditure or (credit) in the governmental funds.

Other postemployment benefit expenses	(830,385)	
Pension expense	<u>5,507,632</u>	4,677,247

Change in Net Position of Governmental Activities \$ 12,520,703

The notes to the financial statements are an integral part of this statement.

[This Page Intentionally Left Blank]

Major Proprietary Funds

Sanitary Sewer System Fund - accounts for the operation and maintenance of a sanitary sewer collection system providing services to certain residents of the City, the University of Miami and certain non-resident sewer connections in areas adjacent to the City. All activities necessary to provide these services are accounted for in this fund.

Parking System Fund - accounts for the operation of on-street and off-street automobile parking facilities, including five parking garages, to the residents, merchants, and visitors of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, construction maintenance and financing.

Non-major Proprietary Fund

Stormwater Utility Fund - accounts for the operation and maintenance of a storm water collection system providing services to all residents, and commercial properties of the City. All activities necessary to provide these services are accounted for in this fund.

The notes to the financial statements are an integral part of this statement.

**CITY OF CORAL GABLES, FLORIDA
NOTES TO FINANCIAL STATEMENTS**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Coral Gables, Florida (the “City”) have been prepared in conformity with Accounting Principles Generally Accepted in the United States of America (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City’s accounting policies are described below.

(a) Reporting Entity

The accompanying financial statements present the financial position, changes in financial position, and cash flows of the applicable funds governed by the City Commission. For financial reporting purposes, all funds, agencies, departments, and offices that make up the City’s legal entity and constitute its primary government are included. The City does not have any component units as defined by GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34*.

(b) Government -Wide and Fund Financial Statements

The government-wide financial statements (the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the City. As a basic rule, the government-wide financial statements are consolidated. However, an exception must be made for inter-fund services provided and used between functions. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions, including special assessments, that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

Since the governmental fund financial statements are presented on a different measurement focus and basis of accounting than the government-wide statements’ governmental activities column, a reconciliation is presented on the page following each statement, which briefly explains the adjustments necessary to reconcile the governmental fund-based financial statements to the governmental activities column of the government-wide presentation.

Internal Service Funds of a government (which traditionally provide services primarily to other funds of the government) are presented in summary form as part of the proprietary fund financial statements. Since

the principal users of the internal services are the City's governmental activities, financial statements of internal service funds are included in the governmental activities column when presented at the governmental-wide level. To the extent possible, the costs of these services are reflected in the appropriate governmental activities.

The City's fiduciary funds are presented in the fund financial statements by type. Since by definition, these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the City, these funds are excluded from the government-wide statements.

(c) Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary and fiduciary fund financial statements. Revenues are recognized when earned and expenses are recognized when incurred, regardless of the timing of cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. The financial statements of Agency Funds are prepared using the accrual basis of accounting. Agency Funds are purely custodial and thus do not involve measurement of result of operations. Plan member contributions are recognized in the period in which the contributions are due. The City's contributions are recognized when due and a formal commitment to provide the contributions has been made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within three months of the end of the fiscal year to be used to pay liabilities of the current period with the exception of property tax revenue, which is deferred unless received within sixty days after year-end. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, pension, other post-employment benefits, and claims and judgments, are recorded only when payment is due/liability mature.

Revenues considered measurable are recognized, if available, these include the following: Property Taxes when levied for, Special Assessments, Garbage and Trash Fees, Franchise Taxes, Utility Service Taxes, Intergovernmental when eligibility requirements are met, Charges for Services, Recreation Activity, Rental Income, Occupational License, Interest Income, and Ambulance Transport Fees. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable only when cash is received by the City.

1) Governmental Fund Types

Governmental fund types are those funds through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used; current liabilities are assigned to the fund from which they are paid; and the difference between governmental fund assets and liabilities, the fund equity, is referred to as “fund balance”. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following comprise the City’s major governmental funds:

General Fund - The General Fund is the City’s primary operating fund. It accounts for all financial resources that relate to the general operations of the City, except for those required to be accounted for in another fund.

Debt Service Fund - is used to account for and report the financial resources that are restricted, committed, or assigned for the periodic payment of principal, interest, and expenditures on special obligation long-term debt of governmental funds, specifically, Sunshine State Notes issued by the City for various capital projects.

Capital Project General Improvement Fund - is used to account for and report the financial resources that are restricted, committed, or assigned for the acquisition or construction of various major capital improvements except those financed by enterprise funds. This fund is reported as major fund because of public interest and consistency.

Additionally, the City reports the following nonmajor governmental funds:

Capital Projects Funds - is used to account for and report the financial resources that are restricted, committed, or assigned for the acquisition or construction of major capital facilities such as general and roadway improvement projects; and public parks and plazas.

2) Proprietary Fund Types

Proprietary fund types are used to account for a government’s ongoing organizations and activities which are similar to those often found in the private sector. The measurement focus is upon income determination, financial position, and cash flows.

The City reports the following major proprietary funds:

Sanitary Sewer System Fund - This fund is used to account for the operation and maintenance of a sanitary sewer collection system providing services to certain residents of the City, the University of Miami and certain non-resident sewer connections in areas adjacent to the City.

Parking System Fund - This fund is used to account for the operation of on-street and off-street automobile parking facilities, including five parking garages, to the residents, merchants, and visitors of the City.

Additionally, the City reports the following nonmajor proprietary fund:

Stormwater Utility Fund - This fund is used to account for the operation and maintenance of a stormwater collection system providing services to all residents of the City and all commercial properties.

The City also reports the following funds:

Internal Service Funds - Internal Service Funds are used to account for fleet maintenance, general maintenance (building maintenance, utilities and general housekeeping services) and insurance services provided to other departments of the City on a cost reimbursement basis.

Pension Trust Funds - Pension Trust Funds are used to account for the accumulation of resources to be used for retirement benefits of all employees at appropriate amounts and times in the future and for supplemental retirement benefits for police officers and fire fighters, and, consequently, are not reflected in the government-wide statements because the resources are not available to support the City's own programs.

Agency Funds - Agency Funds are custodial in nature and do not involve measurement of results of operations:

Employee Benefits Fund - Accounts for the value of the employees' excess sick leave balance which is paid to the employees each year through deposits in this fund which the City handles as custodian in accordance with the agreement between the City and its employees. The funds are to be paid to employees upon retirement or to the employee's named beneficiary upon death.

Law Enforcement Fund - Accounts for confiscated assets of the South Florida Money Laundering Strike Force (Strike Force) which have been released by the judicial courts to be placed in the fund which the City handles as custodian.

In the government-wide financial statements, amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

(d) Cash and Cash Equivalents

The City maintains a cash and investment pool that is available for use by most funds. Each fund's portion of this pool is included in the financial statements as "Pooled Cash and Cash Equivalents". Cash and Cash Equivalents is defined to include cash on hand, demand deposits, cash with a state agency and investments with private agencies with original maturities of three months or less. Interest earned on pooled cash and investments is allocated monthly based on cash and investment balances of the respective funds.

(e) Fair Value Investments

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are categorized within the fair value hierarchy as established by generally accepted accounting principles. The fair value hierarchy categorizes inputs to valuation techniques used to measure fair value into three levels based on the extent to which input used in measuring fair value are observable in the market.

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

Level 1 – Inputs are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date.

Level 2 – Inputs are other than quoted prices included within Level 1 that are observable for an assets or liability, either directly or indirectly, including quoted market prices for similar assets or liabilities in active markets.

Level 3 – Inputs are significant unobservable inputs used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations where there is little, if any, market activity for the asset or liability at the measurement date.

(f) Investments

The City’s investments are reported at fair value as defined by GASB Statement 72 except for the position in the Local Government Surplus Funds Trust Fund. The investments held by Local Government Surplus Fund Trust Fund are allocated among two funds, LGIP (formerly known as LGIP-A) and Fund B (formerly known as LGIP-B). The value of the City’s investments in LGIP funds is the same as the value of the pool shares and is recorded at amortized cost. At September 30, 2018, the City’s investment in LGIP-A is \$1,040 and there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit the City’s daily access to 100 percent of the account value.

Investments for the pension plans are discussed in Notes 4 and 8.

(g) Receivables/Special Assessment Receivable

All receivables are reported net of an allowance for uncollectible amount. Receivables are analyzed for their collectability based on the terms of the agreement and the financial assessment of the creditor.

Following are the significant components of the receivables due to the City at September 30, 2018:

1. Taxes, Franchise Fees, False Alarms and Rent – This amount represents communications and utility taxes, franchise fees, false alarms and rent payments due by September 30, 2018, but not collected as of that date;
2. Waste Fees, Ambulance Transport Fees – This amount represents the unpaid, billed charges for various fines and municipal services.
3. University of Miami Development Agreement Fee – This amount represents the remaining balance of the development agreement fee assessed to the University of Miami and is to be collected over the remaining term of twelve (12) years.

Special assessments primarily consists of amounts imposed by the City in accordance with City ordinance to fund certain project costs of local improvements or the service cost of related services that provide a special benefit to property based on logical relationship to the value, use, or characteristics of property identified.

(h) Due From Other Governments

Due from other governments primarily consists of amounts due to the City as of September 30, 2018 such as ad valorem tax, grant revenues, fines and other fees.

(i) Inventories and Prepaid Items

Inventories are stated at cost using the weighted average method. Inventory is accounted for using the consumption method whereby inventories are recorded as expenditures when they are used.

Prepaid items are accounted for using the consumption method and recorded as expenditures/expenses in the fund level and government-wide financial statements in the period benefited.

(j) Capital Assets

Capital asset acquisitions are recorded as expenditures in the governmental fund financial statements and include property, plant, equipment and infrastructure assets (i.e., streets, alleys, sidewalks, drainage and lighting systems). Capital assets are recorded at historical cost in the government-wide and proprietary fund financial statements. In the case of gifts or contributions, such assets are recorded at acquisition value at the date of receipt. Capital assets are defined as assets with an initial, individual cost of more than \$1,000 plus a useful life of more than one year.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets for business-type activities and proprietary funds are included as part of the capitalized value of the assets constructed. Depreciation is provided over the estimated useful lives of the respective assets using the straight-line method. The estimated useful lives are as follows:

<u>Asset</u>	<u>Years</u>
Buildings	50
Improvements other than Buildings	15-45
Machinery and Equipment	4-10
Infrastructure	15-80

Works of arts, historical treasures and similar assets acquired, donated or constructed by the City are not capitalized. These collections of assets are held for public exhibition at the Coral Gables Museum, and or installed at outdoor civic monuments, traffic circles and fountains.

(k) Accounts Payable and Accrued Payroll

Accounts payable consists primarily of amounts due to vendors and contractors for various operational and capital purchases. Accrued payroll includes salaries and wages as well as related fringe benefits.

(l) Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Coral Gables Retirement Fund (the “Plan”) and additions to/deductions from the Plan’s fiduciary net position have been determined on the same basis as they are reported by Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

(m) Long-Term Obligations

In the government-wide and the proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental-wide and proprietary fund type Statements of Net Position. Bonds payable are reported net of the applicable bond premiums or discounts. Bond premiums and discounts are amortized over the life of the bonds using the effective interest method. Deferred amounts (the difference between the reacquisition price and the net carrying amount) on refunding are amortized over the shorter of the remaining life of the old debt or the life of the new debt using the straight-line method, which does not result in a material difference from the effective interest method. Debt issuance costs, except for the portion which relates to prepaid insurance costs, are recognized as an expense in the period incurred. Prepaid insurance costs are reported as an asset and are recognized as expense on a straight line basis over the duration of the related debt.

In the fund financial statements, governmental fund types recognize as applicable, bond premiums and discounts, as well as bond issuance costs. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. Payment of debt principal and interest is reported as an expenditure.

(n) Deferred Outflows/Inflows of Resources and Unearned Revenues

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has two items that qualifies for reporting in this category: (a) deferred charge on bond refunding and deferred outflows related to pension and other postemployment benefits which are reported in the government-wide Statement of Net Position and Statement of Net Position of the proprietary funds.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has two types of item recognized as deferred inflow of resources under a modified accrual basis of accounting. In the governmental funds, revenues that are measurable, but are not available; and revenues received in advance which are applicable to future period, are recognized as *deferred inflows* and are reported in this category. The governmental funds report unavailable revenue from various sources which primarily include grants and contributions, charges for services and special assessments. The government-wide statements Statement of Net Position and Statement of Net Position of the proprietary funds report deferred inflows of resources related to pension and other postemployment benefits and deferred inflow of resources for revenues received in advance which are applicable to future periods, such as business taxes payments received in advance.

Resources that do not meet revenue recognition requirements (not earned) are recorded as unearned revenue in the government-wide and the fund financial statements.

(o) Inter-Fund Transactions/Due To/From Other Funds

Activities between funds that are representative of lending/borrowing arrangements at the end of the fiscal year are referred to as “due to/from other funds” or “advances to/from other funds”. Any residual balances

outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances”.

Transactions among City funds that would be treated as revenues and expenditures or expenses if they involved organizations external to City government are accounted for as revenues and expenditures or expenses in the funds involved.

Transactions which constitute reimbursements to a fund for expenditures initially made from it which are properly applicable to another fund are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the reimbursed fund.

Transactions which constitute the transfer of resources from a fund receiving revenues to a fund through which the revenues are to be expended, are separately reported in the respective funds’ operating statements.

(p) Capital Contributions

Capital contributions are recorded in certain Enterprise and Internal Service Funds and consist primarily of donations from private sources or other governmental entities.

(q) Restricted Assets

Restricted assets of the government-wide and proprietary funds represents the balance of cash and cash equivalents and investments with imposed constraints on the use of certain revenues, unspent proceeds from the issuance of special obligation bonds for capital improvements, and funds set aside for repayment of customer deposits and debt service payment.

The Capital Project General Improvement Fund and Neighborhood Renaissance Program Fund report restricted assets representing unspent proceeds from the issuance of special obligation bonds for capital improvements. The Capital Project Impact Fees Fund reports restricted assets representing fees imposed on new developments within the City with certain constraints on their use.

The Debt Service Fund reports restricted assets set aside for debt service.

The Parking Fund has restricted assets which are set aside for customer deposits.

(r) Fund Balance/Net Position

1) Fund Equity

In the fund financial statements, governmental funds report fund balance in categories as nonspendable, restricted, committed, assigned and unassigned. These categories are based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in fund balances can be spent.

The City’s fund balance classification policies and procedures are as follows:

Nonspendable funds are funds that cannot be spent because they are either not in spendable form (e.g. inventories and prepaids) or are legally or contractually required to be maintained intact.

Restricted funds are funds that have constraints placed on their use either externally by creditors, grantors, contributors, laws or regulations or other governments or by law through constitutional provisions or enabling legislation.

Committed funds are funds that have constraints placed on their use through the passage of a formal action by the City Commission’s highest level of decision-making authority. The City Commission has the authority to set aside funds for a specific purpose and requires the passage of a resolution or ordinance. Resolutions and ordinances are considered an equally binding form of City’s highest level of formal action. The passage of a resolution or ordinance must take place prior to September 30th of the applicable fiscal year but the amount can be determined at a later date. A resolution or ordinance would also be required to modify or rescind the specific use or amount.

Assigned funds are funds that have constraints placed on their use by the City Manager. The City Manager has the authority to set aside funds for the intended use of a specific purpose. This act would be as part of the annual budget process or in the form of a written notification to the Finance Director. Any modifications or rescissions would be in a written notification to the Finance Director. Upon passage of a budget ordinance where fund balance is used as a source to balance the budget, that amount shall be recorded as Assigned Fund Balance.

Unassigned fund balance is the residual amount of fund balance in the General Fund and deficit unassigned fund balance of other governmental funds. It represents the resources available for future spending when amount is not a deficit.

2) Net Position

Net position of the government-wide and proprietary funds are categorized as net investment in capital assets, restricted or unrestricted. The first category represents net position related to property, plant, equipment and infrastructure reduced by depreciation and outstanding debt, net of unspent debt proceeds, used to construct or purchase capital assets, and deferred inflow/outflow of resources that are attributed to the acquisition of those assets or related debt are included in this component of net position. The restricted category represents the balance of assets restricted by requirements of revenue bonds and other externally imposed constraints or by enabling legislation in excess of the related liabilities payable from restricted assets. All remaining amounts are considered to be unrestricted.

(s) Operating versus Non-operating Income

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the fund’s principal ongoing operations. The principal operating revenues of the City’s Enterprise and Internal Service Funds are charges to customers for sales and services. Operating revenues for the Enterprise Funds include sewer and stormwater service fees as well as user fees at the various City parking facilities. For the Internal Service Funds, operating revenues include charges to other departments for various maintenance and insurance services. Operating expenses for the Enterprise and Internal Service Funds include costs of sales and services, administrative fees, insurance payments and depreciation. All revenues and expenses not meeting this definition are considered non-operating items.

(t) Use of Resources

When both restricted and unrestricted resources are available for use, it is the City’s policy to use restricted resources first, then unrestricted resources as they are needed. When committed, assigned and

unassigned resources are available for use, it is the City's policy to use committed resources first, assigned resources second, and unassigned resources third.

(u) Compensated Absences

City employees earn both vacation and sick leave. Vacation leave may be taken, converted into cash with certain restrictions, or accumulated up to certain limits and paid upon retirement or termination.

Sick leave may be taken or accumulated and paid up to certain limits upon retirement or death. The current liability for vacation and sick leave (up to a specified amount) is reflected in the accrued compensated absences amounts in the government-wide, proprietary and fiduciary fund financial statements. According to City Commission Resolution No. 15199, unused sick leave in excess of the maximum amount is deferred in the Employee Benefit Fund until payable to the employee. The excess sick leave is fully funded. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. Accrued compensated absences of the governmental activities is not reported in the balance sheet of the governmental funds and, accordingly, represents a reconciling item between the fund financial statements and government-wide financial statements. Payments are generally paid out of the General Fund for governmental funds.

(v) Pollution Remediation Obligation

The City accrues future pollution remediation costs that meet the measurement criteria as outlined in GASB 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*. These liabilities are shown as part of the non-current liabilities in the Statement of Net Position. The City measures pollution remediation costs using the expected cash flow technique. The estimated cost of all pollution remediation is measured annually and adjusted when benchmarks are met or when new information indicates changes in estimated outlays due to changes in remediation plan or operating conditions.

(w) Pension Plans

The City provides a defined benefit pension plan covering substantially all regular full-time general, police and fire department employees. The City also provides two defined contribution plans - Police Officers' Pension Fund and Firefighters' Pension Fund, as a supplement to the benefits provided under the defined benefit pension plan.

(x) Post-Employment Benefits Other Than Pensions (OPEB)

For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense have been determined on the same basis as they are reported by the Plan. The Plan is being funded under a "Pay-As-You-Go" basis.

Gains and losses related to changes in total OPEB liability are recognized in OPEB expense systematically over time. The first amortized amounts are recognized in OPEB expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to OPEB and are to be recognized in future OPEB expense. The amortization period differs depending on the source of gain or loss.

Pursuant to Section 112.0801, Florida Statutes, the City is mandated to permit participation in the health insurance program by retirees and their eligible dependents at a cost to the retiree that is no greater than the cost at which coverage is available for active employees. Retirees are required to pay 100% of the premium rates where premiums are determined based upon a blended rates used for active employees and

retirees. These premium rates were adjusted to reflect differing utilization rates by age and gender and the impact of the Medicare program on claim costs. The blended rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees.

The City currently provides these benefits in accordance with the vesting and retirement requirement of the City of Coral Gables Retirement System covering substantially all regular full time general, police, and fire department employees of the City.

The City is financing the post employee benefits on a pay-as-you go basis. As determined by an actuarial valuation, the City records the total OPEB obligation in its government-wide and proprietary financial statements related to the implicit subsidy based on employee distribution. The OPEB plan does not issue separate financial statements.

(y) Risk Management

The City has a self-insurance program, for General Liability, Automobile Liability and Workers' Compensation pursuant to Florida Statute Section 768.28 (*Waiver of Statute of Limitations: Exclusions: Indemnifications; Risk Management Programs*). The City is protected by Florida Statute 768.28 which limits losses to, except for certain federal causes of action, (a) \$100,000 per person / \$200,000 per occurrence for claims arising between October 1, 1981 and October 1, 2011; and (b) \$200,000 per person / \$300,000 per occurrence for claims arising after October 1, 2011.

The discounted accrued liability for estimated insurance claims represents an estimate of the ultimate cost of settling claims arising prior to year end including claims incurred but not yet reported.

The City has fully insured individual health care plans for each employee group.

(z) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and deferred inflows/outflows of resources and disclosures of contingent assets, liabilities and deferred inflows/outflows at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

(aa) New Accounting Pronouncements Adopted

At September 30, 2018, the City adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, replaces the requirements of Statements No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*, for OPEB. Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, establishes new accounting and financial reporting requirements for OPEB plans. See Note 9 – Postemployment Benefits Other Than Pensions.

At September 30, 2018, the City adopted GASB Statement No. 81, *Irrevocable Split-Interest Agreements*. The objective of this Statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a

government is a beneficiary of the agreement. The adoption of this Statement had no impact on the City’s financial statements in fiscal year 2018.

At September 30, 2018, the City adopted GASB Statement No. 84, *Fiduciary Activities*. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. The adoption of this Statement had no impact on the City’s financial statements in fiscal year 2018.

At September 30, 2018, the City adopted GASB Statement No. 85, *Omnibus 2017*. The objective of this Statement is to address practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits [OPEB]). The adoption of this Statement had no impact on the City’s financial statements in fiscal year 2018.

At September 30, 2018, the City adopted GASB Statement No. 86, *Certain Debt Extinguishment Issues*. The primary objective of this Statement is to improve consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources—resources other than the proceeds of refunding debt—are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance. The adoption of this Statement had no impact on the City’s financial statements in fiscal year 2018.

(bb) Restatement of Prior Year Balances

As a result of implementing GASB 75, net position was restated at October 1, 2017:

	Governmental Activities	Business-Type Activities
Net Position - Beginning, as previously reported	\$ 95,506,851	\$ 39,850,716
Cumulative effect of adoption of GASB No. 75	(15,606,687)	(419,242)
Net Position - Beginning, as restated	<u>\$ 79,900,164</u>	<u>\$ 39,431,474</u>

	Proprietary Funds		
	Sanitary Sewer	Parking System	Stormwater Utility
Net Position - Beginning, as previously reported	\$ 19,046,214	\$ 13,442,235	\$ 5,636,095
Cumulative effect of adoption of GASB No. 75	(123,486)	(168,390)	(89,808)
Net Position - Beginning, as restated	<u>\$ 18,922,728</u>	<u>\$ 13,273,845</u>	<u>\$ 5,546,287</u>

	Internal Service Funds	
	Motor Pool	Public Facilities
Net Position - Beginning, as previously reported	\$ 13,323,146	\$ 703,249
Cumulative effect of adoption of GASB No. 75	(213,293)	(157,163)
Net Position - Beginning, as restated	<u>\$ 13,109,853</u>	<u>\$ 546,086</u>

NOTE 2 - REAL AND PERSONAL PROPERTY TAXES

Property taxes are levied to support the fiscal period commencing October 1, each year. Taxes are payable beginning November 1 and become delinquent the following April 1. Unpaid taxes represent a lien against the property until paid. The City's real and personal property taxes for all property located within the City are levied each October on the taxable value assessed as of the prior January 1. Taxable values are established by the Miami-Dade County Property Appraiser at market value, less statutory exemptions. The taxable value of property at January 1, 2017, upon which the 2017-2018 levy was based, was approximately \$15.17 billion. A tax levy of 5.5590 mills (\$5.5590 per \$1,000 of taxable value) was required to finance general operations for the fiscal year ended September 30, 2018.

NOTE 3 - RECEIVABLE

(a) Accounts receivable and allowance for doubtful accounts are summarized as follows:

(b) University of Miami Development Agreement

On September 28, 2010, the City and University of Miami (“UM”) entered into a development agreement to establish a new relationship for promoting the health, safety, welfare and cultural advancement of the City and its residents while providing for the coordinated, comprehensive, and orderly development of the UM campus. Terms and conditions of the agreement includes: annual state of the City/UM meeting, Gables Fellow Program, UM’s Coral Gables Lecture and Performances/Concert Series, Ponce De Leon beautification and improvements, “Meet the Doc” Health Care Program, consulting services, Hurricane Athletics Ticket Program, student enrollment/on-campus housing credit, City’s approval of UM’s comprehensive plan and zoning code amendments and increase in seating capacity of Watsco Center (formerly known as Bank United Center), internal road and access within the UM campuses, and conveyance of certain property between UM and the City. In consideration for the terms and conditions of the agreement and City’s satisfaction of its required approval obligations, UM agreed to pay the City a total fee of \$22 million, payable in annual payments which commenced on December 1, 2010 through December 1, 2029. The development agreement fee payment schedule and the present value of the remaining balance are as follows:

Fiscal Year	Amount
2019	\$ 1,025,000
2020	1,025,000
2021	1,025,000
2022	1,025,000
2023	1,025,000
2024-2028	5,125,000
2029-2030	<u>2,050,000</u>
Total payments due to the City	12,300,000
Less: Amount representing imputed interest	<u>(2,257,000)</u>
Present value of total remaining payments due to the City	<u><u>\$ 10,043,000</u></u>

(c) Deferred Inflows/Unearned Revenue

The components of deferred inflow of resources (unavailable revenues) and unearned revenues as of September 30, 2018 are as follows:

	Unavailable Revenues	Unearned Revenues
<u>General Fund</u>		
False Alarms	\$ 236,699	\$ -

(d) Capital Project and Related Services Assessment Program

In January 2011, the City through Resolution No. 2011-25 (As Amended) approved a strategic downtown initiative for Miracle Mile and Restaurant Row, or Giralda Avenue aimed to position the City's downtown for economic growth and livability by transforming them into a beautiful, functional public space that will attract new residents and businesses and will increase the quality of life and property values.

In April 2014, the City adopted the Capital Project and Related Services Ordinance No. 2014-07 (the "Ordinance"). The Ordinance establishes the City's procedures for the imposition of capital special assessment programs for the provision of improvements and related services providing a special benefit to local areas within the City; provides for the creation of assessment areas within the City; authorizes the imposition and collection of special assessments to fund the cost of capital improvements and services providing a special benefit to local areas within the City; outlines the procedures for the establishment of an assessment area and the initial and annual implementation steps for imposing special assessments by subsequent resolution. The Ordinance also replaces the City's existing Local Improvement Act, and it provides for the adoption of Florida Statutes section 197.3632 and 197.3635, "Uniform Assessment Collection Act" authorizing the collection of non-ad valorem assessments on the same bill as ad valorem taxes.

The City adopted several resolutions required by Ordinance No. 2014-07 for the following improvement projects:

- a) Resolution No. 2014-169 - Final Assessment Resolution for Miracle Mile Improvement Project, adopted on August 26, 2014 for the provision of the improvement project, providing authority and definitions, approving the final assessment rolls, providing for the imposition of the assessment to fund the Miracle Mile improvement project, and providing for collection of the assessments pursuant to the uniform assessment collection act.

The properties located in the assessment area that specially benefit from the improvement project were allocated with total special assessment of \$7.46 million. The maximum annual assessments, which includes interest costs and other annual costs, is payable in annual installment for a period of twenty (20) years, and collection of the assessments commenced with the ad valorem tax bill in November 2017. The total maximum assessment to all property tax parcels is approximately \$11.61 million over the twenty-year period. Additionally, property owners may pay-off their assessment at any time during the 20-year repayment period. Prior to the November 2017 ad valorem tax bill, a total of \$907,596 was received from property owners who prepaid their assessment.

Total annual assessment of \$318,157, of which \$184,320 represents interest cost and other annual cost, was included in November 2017 tax bill as non-ad valorem special assessment. As of September 30, 2018, a total amount of \$303,596 was collected from the November 2017 tax bill. In addition, \$17,362 was received from property owner as prepayment.

The estimated annual assessment including interest and other costs and the present value of the remaining assessments are as follows:

Fiscal Year	Amount
2019	\$ 449,731
2020	570,388
2021	570,388
2022	570,388
2023	570,388
2024-2028	2,851,940
2029-2033	2,851,940
2034-2038	2,851,940
Total assessments due to the City	11,287,103
Less: Amount representing interest and other costs	(4,896,810)
Present value of total remaining assessments due to the City	<u>\$ 6,390,293</u>

The total remaining special assessment of \$6.39 million is recognized as an assessment receivable and deferred inflow of resources – unavailable revenue in the governmental fund financial statement.

- b) Resolution No. 2014-171 - Final Assessment Resolution for Giralda Avenue Improvement Project, adopted on August 26, 2014 for the provision of the improvement project, providing authority and definitions, approving the final assessment rolls, providing for the imposition of the assessment to fund the Giralda Avenue improvement project, and providing for collection of the assessments pursuant to the uniform assessment collection act.

The properties located in the assessment area that specially benefit from the improvement project were allocated with total special assessment of \$1.61 million. The maximum annual assessments, which includes interest costs and other annual costs, is payable in annual installment for a period of twenty (20) years, and collection of the assessments commenced with the ad valorem tax bill in November 2017. The total maximum assessment to all property tax parcels is approximately \$2.58 million over the twenty-year period. Additionally, property owners may pay-off their assessment at any time during the 20-year repayment period. Prior to the November 2017 ad valorem tax bill, a total of \$5,853 was received from property owners who prepaid their assessment.

Total annual assessment of \$103,746, of which \$42,511 represents interest cost and other annual cost, was included in November 2017 tax bill as non-ad valorem special assessment. As of September 30, 2018, a total amount of \$98,916 was collected from the November 2017 tax bill.

The estimated annual assessment including interest and other costs and the present value of the remaining assessments are as follows:

Fiscal Year	Amount
2019	\$ 130,029
2020	123,698
2021	123,698
2022	123,698
2023	123,698
2024-2028	618,490
2029-2033	618,490
2034-2038	618,490
Total payments due to the City	<u>2,480,291</u>
Less: Amount representing interest and other costs	<u>(927,003)</u>
Present value of total remaining assessments due to the City	<u>\$ 1,553,288</u>

The total remaining special assessment of \$1.55 million is recognized as an assessment receivable and deferred inflow of resources – unavailable revenue in the governmental fund financial statement.

(e) Service Assessments for Solid Waste and Recyclable Materials

The City adopted Ordinance No. 2016-02 which established the imposition of service assessments for solid waste and recyclable materials collection and disposal service, facilities and programs against residential property within the city, established the initial and annual implementation steps for special assessments by subsequent resolution, and authorized the collection of the special assessments on the same tax bill as ad valorem taxes. Effective September 29, 2015, the City may utilize the uniform method of collection of special assessments pursuant to Florida Statutes Chapter 197, whereby residential unit owners shall pay for residential solid waste collection services and delinquent amount on the tax bill. The Ordinance also provided for the advance payment of the annual assessment at a discounted rate if paid on or before August 15 of each year.

During fiscal year 2018, the City issued the solid waste assessment bill for the annual assessment for fiscal year 2018-2019 to allow resident owners the option of a discounted rate if paid by August 15, 2018. As of September 30, 2018, the City collected \$6.07 million of advance payments related to the annual assessment for fiscal year 2018-2019 and the amount is reported as part of unearned revenue in the governmental fund financial statements and governmental activities – statement of net position.

NOTE 4 – CASH, CASH EQUIVALENTS AND INVESTMENTS

Deposits

As of September 30, 2018, the City’s cash, cash equivalents and investments were as follows:

	Cash and Cash Equivalents	Investments	Total
Governmental activities	\$ 42,096,818	\$ 178,314,835	\$ 220,411,653
Business-type activities	3,854,756	16,640,918	20,495,674
Pension Trust Funds	15,052,067	409,718,225	424,770,292
Agency Funds	2,722,248	-	2,722,248
Total Cash, Cash Equivalents and Investments	\$ 63,725,889	\$ 604,673,978	\$ 668,399,867

Deposits	\$ 63,725,889
Investments	604,673,978
Total Deposits and Investments	\$ 668,399,867

The City maintains cash, cash equivalents and an investment pool that is available for use by all funds except for those which the cash and investments must be segregated due to bond indenture or other legal restrictions. The interest-bearing and non-interest-bearing bank deposits are entirely insured by the Federal Depository Insurance Corporation or collateral held by the State Treasurer. Under provision of the Florida Security for Public Deposits Act, Chapter 280, all qualified public depositories are required to pledge collateral having a fair value equal to or greater than the depository’s collateral pledging level.

Interest earned on pooled cash, cash equivalents and investments is allocated monthly based on cash and investment balances of the respective funds.

The City of Coral Gables Retirement Fund deposits are included in cash and cash equivalents in the Plan’s statement of plan net position. Cash and cash equivalents include demand accounts and short-term investment funds (STIF). The allowable STIF investments are the custodial short-term (money market) commingled funds, commercial paper and U.S. governmental obligations.

Authorized Investments

The City does not have a formal investment policy and follows the State Statutes. The State Statutes authorize the City to invest any surplus funds in notes, bonds and other obligations of agencies of the United States which are unconditionally guaranteed by the U.S. Government, commercial paper, certificates of deposit issued by domestic and foreign financial institutions in the US; and pools of investments administered by the State of Florida known as the Local Government Surplus Funds Trust Fund. These investments held by Local Government Surplus Fund Trust Fund are allocated among two funds, LGIP (formerly known as LGIP-A) and Fund B (formerly known as LGIP-B). The value of the City’s investments in LGIP funds is the same as the value of the pool shares and is recorded at amortized cost. The SBA is not a registrant with the Securities and Exchange Commission. SBA accounts are not subject to custodial credit risk categorization as these investments are not evidenced by securities that exist in physical or book entry form and they do not have a credit rating.

City of Coral Gables Retirement Fund

The City of Coral Gables Retirement Fund (the “Plan”) investment policy is determined by the Board of Trustees (the “Board”). The policy has been identified by the Board to conduct the operations of the Plan in a manner so that the assets will provide for the pension and other benefits provided under applicable laws, including City ordinances, preserving principal while maximizing the rate of return.

The Board is authorized to acquire and retain every kind of property, real, personal or mixed, and every kind of investment specifically including, but not by way of limitation, bonds, debentures, and other corporate obligations, and stocks, preferred or common.

Investments in all equity securities shall be limited to fully and easily negotiable equity securities and shall not exceed 70% of the market value of the total fund assets. No more than 10% (at cost) of the portfolio may be invested in the shares of a single corporate issuer. Investments in securities (equity or fixed income) issued by foreign corporations are limited to no more than 25% of fund assets. Investments in shares of public companies that have been publicly traded for less than a year are limited to no more than 15% of the market value of the total Plan assets. Convertible securities are not to exceed 10% of the market value of the total Plan assets. Equity funds may be managed through the purchase of open-ended, no-load mutual funds or commingled funds. The Board implicitly accepts the policy of a mutual fund or commingled fund when it makes a direct investment.

The fixed income portfolio shall comply with the following: the average credit quality of the bond Plan assets portfolio shall be "A" or higher. The duration of the total Plan assets should be less than 135% of the duration of the market index. Investments in all corporate fixed income securities shall be limited to securities issued by a corporation organized under the laws of the United States, any state or organized territory of the United States, or the District of Columbia. Yankee bonds and non U.S. dollar denominated bonds may not exceed 10% of the entire fixed income portfolio. No more than 10% at market of total Plan asset shall be invested in the securities of any single corporate issuer. Securities rated below "BBB" shall not exceed 15% of the market value of the Plan assets.

Investments in Collateralized Mortgage Obligations (CMOS) shall be limited to 25% of the market value of total Plan assets and shall be restricted to issues backed by the full faith of the U.S. Government, an agency thereof, or are rated AAA by a major rating service and PAC (Planned amortization class), NAC (non-accelerated securities) or VADM (very accurately defined maturity) securities.

There is no limit imposed on investments in fixed income securities issued directly by the United States Government or any agency or instrumentality thereof. Fixed income funds may be managed through the purchase of open-ended, no-load mutual funds or commingled funds. Fixed income funds purchased by investment advisors are expected to adhere to the guidelines herein. The Board implicitly accepts the policy of a mutual fund or commingled fund when it makes a direct investment.

Investments in real estate shall not exceed 15% at market valuation of the total Plan assets. All real estate investments shall be made through participation in diversified commingled funds of real properties. These funds shall be broadly diversified as to property type and location. Experienced and professional real property investment managers shall manage all real estate investments.

The Plan may invest up to 15% of the total market value of the portfolio in limited partnerships and/or private equity structures in order to diversify the Plan’s portfolio and/or to enhance the Plan’s return opportunities. It is understood that these types of investments may have limited liquidity and/or “lock-up” periods with no liquidity. It is also recognized that these types of investments may have higher fees and demonstrate highly variable returns over short periods of time. The Board shall consider special

criteria including, but not limited to, the following in evaluation of any investments in this category: tenure, expertise, and track record of management team; diversification potential of the alternative investment relative to other Plan investments; risk control provisions of the alternative investments; liquidity provisions of the alternative investment; use of leverage or other means of return enhancement by the alternative investment, fees and potential conflicts of interest associated with the alternative investment.

Police Officers' Pension Fund

The Police Officers' Pension Fund (the "Plan") investment policy is determined by the Board of Trustees (the "Board"). The policy was designed by the Board to maximize the Fund's asset value, while assuming a risk that is consistent with the Board's risk tolerance. As is prudent, the Board has adopted policy to diversify investment risk among several institutionally acceptable asset classes including equity securities, bonds debentures, and other corporate obligations. The Board is prohibited to invest in bonds issued by a corporation, state or municipality, futures, obligations issued by a foreign government (excluding the State of Israel), hedge funds, internally managed assets, limited partnerships, margin accounts, options, private equity, private mortgages, securities lending, illiquid investments and scrutinized companies published by the Florida State Board of Administration.

The Plan limits investment in the securities of any one issuer, other than the U.S. Government and its agencies, to no more than 5% of net fiduciary position. Investments more than 5% of the net fiduciary position consisted of Vanguard Intermediate-Term Corporate Fund (11.3%); Vanguard Short Term Bond EFT (8.6%); Vanguard 500 Index Fund (19.7%) and American Funds Europacific Growth Fund (12.6%).

Firefighters' Pension Fund

The Firefighters' Pension Fund (the "Plan") investment policy is determined by the Board of Trustees (the "Board"). The policy was designed by the Board to preserve the purchasing power of the Plan's assets and earn a reasonable real rate of return (after inflation) over the long-term while minimizing the short-term volatility of results. To achieve these objectives, the Board adopted policy to create a conservative, well diversified and balanced portfolio of high quality equity securities, fixed income and money market securities.

Investments in equity securities shall be limited to those actively traded on a major stock exchange or NASDAQ, and shall not exceed 40% at cost of the investment manager's total portfolio. No more than 10% at cost of the plan's total assets may be invested in foreign securities. No more than 5% at cost of the portfolio total value may be invested in the shares of a single corporate issuer. Investment in equity securities issued by corporations with a total market capitalization of \$3 billion or less shall not exceed 15% of the total portfolio equity value at cost.

Investments in corporate fixed income securities shall be limited to those that hold a rating in one of the three (3) highest classifications by a major rating service. No more than 10% at cost of the fixed income portfolio total value may be invested in the securities of any single corporate issuer. Investments in Collateral Mortgage Obligation (CMOs) shall be limited to 10% of the fair value of the total fixed income portfolio and shall be restricted to those issues backed by securities issued or guaranteed by the Government National Mortgage Association, the Federal Home Loan Mortgage Corporation, or the Federal National Mortgage Association, or that are rated "Aaa" by Moody or "AAA" by Standard & Poor rating agencies. There is no limit imposed on investments in fixed income securities issued directly by the US Government or agency or instrumentality thereof.

Short-term investment shall be limited to direct obligations of the US Government with a maturity of one year or less, commercial paper with a maturity of 270 days or less that is rated A-1 by S&P or P-1 by Moody’s, and bankers acceptance issued by the largest fifty banks in the US.

Investments in tax-exempt bonds, interest-only or principal only CMOs, interest rate swaps, precious metals, limited partnerships of any kind, real estate, REIT, venture capital, future contracts or option contracts are prohibited. Trading on margin and short term selling are also prohibited.

Types of Investments

Florida Statutes and the Coral Gables Retirement Fund investment policy authorize the Board to invest funds in various investments. In accordance with the provisions of Florida Senate Bill 1462, no more than 25% of the Plan’s total assets can be invested in foreign securities. In accordance with the Protecting Florida's Investment Act (Fla. Stat. 215.473), the Board is prohibited from directly investing in any companies, identified by the State Board of Administration (SBA) on its website each quarter, as a scrutinized company.

The current target asset allocation range of these investments at market is as follows:

<u>Authorized Investments</u>	<u>Minimum</u>	<u>Maximum</u>
Domestic equities	35%	45%
International equities	15%	25%
Domestic fixed income	10%	20%
International fixed income	0%	10%
Real estate	5%	15%
Alternative	0%	15%

Florida Statutes and Police Officers’ Pension Fund investment policy authorize the Board to invest funds in various investments. The target asset allocation range of these investments at market is as follows:

<u>Authorized Investments</u>	<u>Target % of Portfolio</u>
Domestic equity	22 - 44%
Convertibles	2 - 8%
Treasury Inflation Protected Securities	3 - 7%
International equities	5 - 25%
Real estate	0 - 8%
Fixed income	15%-no limit
Cash and cash equivalents	10 - 40%

Florida Statutes and Firefighters’ Pension Fund investment policy authorize the Board to invest funds in various investments. The target asset allocation of these investments at market is as follows:

<u>Authorized Investments</u>	<u>Target % of Portfolio</u>
Domestic equity	30%
Foreign equity	10%
Fixed income securities	60%

Fair Value Measurements

The following table presents the fair value hierarchy for investments at fair value as of September 30, 2018:

	Total	Fair Value Measurement Using		
		Quoted Prices In Active Market for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments at fair value level:				
<u>City of Coral Gables</u>				
Debt securities:				
US Treasury Securities	\$ 152,088,478	\$ 152,088,478	\$ -	\$ -
US Agency Fixed Rate Debentures	42,866,235	-	42,866,235	-
Total Investment by fair value level	194,954,713	\$ 152,088,478	\$ 42,866,235	\$ -

* These investments are not measured according to the hierarchy established by GASB Statement No. 72

City of Coral Gables Retirement Fund

The Plan has established a framework to consistently measure the fair value of the Plan's assets and liabilities in accordance with applicable accounting, legal, and regulatory guidance. This framework has been provided by establishing valuation policy and procedures that will provide reasonable assurance that assets and liabilities are carried at fair value. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and considers factors specific to the investment.

The overall valuation processes and information sources by major investment classification are as follows:

- **Equity securities:** These include common stock, domestic and international equity funds. Domestic securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the fiscal year. Securities traded in the over-the counter market and listed securities for which no sale was reported on that date are valued at the last reported bid price. International equities are valued based upon quoted foreign market prices and translated into U.S. dollars at the exchange rate in effect at September 30, 2018 and 2017. Securities which are not traded on a national security exchange are valued by the respective fund manager or other third parties based on yields currently available on comparable securities of issuers with similar credit ratings.
- **Debt securities:** Debt securities consist primarily of negotiable obligations of the U.S. government and U.S. government-sponsored agencies, corporations, and securitized residential and commercial mortgages. These securities can typically be valued using the close or last traded price on a specific date (quoted prices in active markets). When quoted prices are not available, fair value is determined based on valuation models that use inputs that include market observable inputs. These inputs included recent trades, yields, price quotes, cash flows, maturity, credit ratings, and other assumptions based upon the specifics of the investment's type.
- **Alternative investments:** These investments include real estate equity and venture capital investments where no readily ascertainable market value exists. To value these investments, management, in consultation with the general partner and investment advisors, determines the fair values for the individual investments based upon the partnership's or limited liability company's most recent available financial information adjusted for cash flow activities through September 30, 2018 and 2017. The estimated fair value of these investments may differ from values that would have been used had a ready market existed.

Net Asset Value Per Share Measurements

Net asset value per share is defined as the amount of net assets attributable to each share of capital stock (other than senior equity securities; that is, preferred stock) outstanding at the close of the period. It excludes the effects of assuming conversion of outstanding convertible securities, whether or not their conversion would have a diluting effect.

The Plan’s valuation methods for investments measured at the net asset value (NAV) per share (or its equivalent) as of September 30, 2018 are as follows:

	Investments Measured at the NAV		
	Fair Value	Redemption Frequency	Redemption Notice Period
Commingled international equity fund ⁽¹⁾	\$ 32,945,596	Daily	Same Day
Commingled global fixed income fund ⁽²⁾	9,286,789	Daily	Same Day
Hedge funds ⁽³⁾	68,800,200	Daily	Quarterly
Total investments measured at the NAV	<u>\$ 111,032,585</u>		

- (1) Commingled international equity fund consists of two commingled investment vehicles which invests primarily in publicly traded global equity securities. The fund is valued at the net asset value of units held at the end of the period based upon the fair value of the underlying investments.
- (2) Commingled global fixed income fund consists of one commingled investment vehicle which primarily invests in global equity and fixed income securities. The fund is valued at the net asset value of units held at the end of the period based upon the fair value of the underlying investments.
- (3) Hedge fund – this type invests in three funds that are invested in both risk parity strategies and global macro hedge fund strategies. The fair values of the investments in this type have been determined using the NAV per share (or its equivalent) of the investments.

City of Coral Gables

Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities’ relationship to benchmark quoted prices.

Firefighters’ Pension Fund

Guaranteed investment contracts are not measured at fair value and therefore are not reported in the fair value hierarchy. It uses liquidation value based on actuarial formula as defined under the terms of the contract.

Police Officers’ Pension Fund

Following is a description of the valuation methodologies used for assets measured at fair value:

Common stock – valued at the closing price reported on the New York Stock Exchange.

Mutual Fund – valued at the daily closing price as reported by the Plan. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund – valued at the floating net asset value of shares held by the Plan at year end.

Interest Rate Risk: Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. The City does not have a formal investment policy that limits investment maturity as a means of managing exposure to fair value losses arising from increasing interest rates.

As a means of limiting its exposure to interest rate risk, the Coral Gables Retirement Fund, and Firefighters’ Pension Fund diversify their investments by security type and institution, and limits holdings in any one type of investment with various durations of maturities.

The Firefighters Pension Fund has investment in a guaranteed investment contract of \$8,479,805 with a guaranteed interest rate of return and principal. The issuer of the investment assumes the market, credit and interest rate risks related to the investment. The average rate of return on this investment as of September 30, 2018 is 3.00%.

Information about the sensitivity of the fair value of the City’s investments (including Agency Funds) to market interest rate fluctuations is provided by the following table that shows the distribution by investment type and maturity.

Investment Type	Fair Value	Investment Maturities (in Years)	
		Less than 1	1 - 5
U.S. Government Agencies	\$ 194,954,713	\$ -	\$ 194,954,713
*State Board of Administration	1,040	1,040	-
	<u>194,955,753</u>	<u>\$ 1,040</u>	<u>\$ 194,954,713</u>
Deposits	48,673,822		
Total Cash, Cash Equivalents and Investments	<u>\$ 243,629,575</u>		

*Weighted average portfolio maturity limited to 90 days

Information about the sensitivity of the fair values of the Coral Gables Retirement Fund’s investments to market interest rate fluctuations is provided by the following table that shows the distribution of the Plan’s investments by maturity at September 30, 2018:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less than 1	1-5	6-10	More than 10
Money market fund	\$ 9,528,801	\$ 9,528,801	\$ -	\$ -	\$ -
U.S. government and agency	12,722,899	312	3,099,662	4,650,160	4,972,765
Corporate bonds	11,017,315	-	8,656,062	1,854,734	506,519
Global fixed income	9,286,789	-	-	-	9,286,789
Other fixed income	16,470,160	-	-	-	16,470,160
	<u>\$ 59,025,964</u>	<u>\$ 9,529,113</u>	<u>\$ 11,755,724</u>	<u>\$ 6,504,894</u>	<u>\$ 31,236,233</u>

The Police Officers’ Pension Fund’s investment policy does not use limits on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Information about the distribution of the Plan’s investments by maturity at September 30, 2018 is provided by the following table:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less than 1	1-5	6-10	More than 10
Fixed income mutual funds	\$ 1,688,034	\$ 73,110	\$ 1,013,707	\$ 474,811	\$ 126,406

Credit Risk: Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization (NRSRO’s). It is the City’s and Firefighters’ Pension Fund’s policy to limit its investment to the top rating issued by NRSRO’s. Information about the sensitivity of the fair value of the City’s and Firefighters’ Pension Fund’s investments to credit ratings is provided by the following table that shows the distribution of the investments by investment type:

Investment Type	Credit Rating Moody's	Fair Value	
		City	Firefighters' Pension Fund
US Treasury Securities	Aaa	\$ 152,088,478	\$ -
US Agency Fixed Rate Debentures	Aaa	42,866,235	-
Mutual Funds	Not Rated	-	6,584,295
		<u>\$ 194,954,713</u>	<u>\$ 6,584,295</u>

The Coral Gables Retirement Fund and Police Officers’ Pension Fund investment policy utilizes portfolio diversification in order to control credit risk.

The following table discloses Coral Gables Retirement Fund’s credit ratings by investment type, at September 30, 2018 as applicable:

	Fair Value	Percentage of Portfolio
U.S. government guaranteed*	\$ 12,619,713	21.38%
Rating of credit risk debt securities by S&P:

Not rated	879,748	52.12%
Total credit risk fixed income investments	\$ 1,688,034	100%

Concentration of Credit Risk: The Coral Gables Retirement Fund policy limits investments in equities and fixed income securities to no more than 10% and 10% of an investment manager's portfolio, respectively, in any one issue. There were no individual investments that represent more than 10% of an investment manager's portfolio. The investment policy of the Police Officers' Pension Fund and Firefighters' Pension Fund contain limitations on the amount that can be invested in any one issuer as well as maximum portfolio allocation percentages. There were no individual investments that represent 5% or more of net position at September 30, 2018 for the City and pension trust fund portfolios.

Custodial Credit Risk: The City does not have a formal policy, but its practice is to ensure that all investments are held by the City or its counterparty in the City's name. These investments are uninsured and unregistered. In accordance with the Coral Gables Retirement Fund investment policy, investments are held by the Plan's custodial banks and registered in the Plan's name. All of the Plan's deposits are insured and or collateralized by a financial institution separate from the Fund's depository financial institution. In accordance with the Police Officers' Pension Fund's and Firefighters' Pension Fund's investment policy, investments are held by the Plan's custodial bank and registered in the Plan's name. All of the Plan's deposits are insured and/or collateralized by a financial institution separate from the Plan's depository financial institution.

Foreign Currency Risk: Foreign currency risk is the risk that fluctuations in currency exchange rate may affect transactions conducted in currencies other than US Dollars and the carrying value of foreign investments. The Police Officers' Pension Fund's exposure to foreign currency risk derives mainly from its investment in international equity funds. The Plan owns participation in international equity funds as well as individual securities. The investment policy of the Plan limits the foreign investments to no more than 25% of the Plan's investment balance. As of year-end, the foreign investments were 13.72% of total investments.

The City, Coral Gables Retirement Fund and the Firefighters' Pension Fund do not have investments in foreign currency and therefore not subject to foreign currency risk.

Coral Gables Retirement Fund – Securities Lending Transactions

The Plan is authorized by state statutes and the Board’s policies to lend its investment securities. The lending is managed by the Plan's custodial bank. The Plan lends equity and fixed income securities for varying terms and receives a fee based on the loaned securities' value. During a loan, the Plan continues to receive dividends and interest as the owner of the loaned securities. All loans can be terminated on demand by either the Plan or the borrowers, although the average term of loans is approximately forty days. The custodial bank and its affiliates are prohibited from borrowing the system's securities.

The agent lends the Plan's U.S. government and agency securities and domestic corporate fixed-income and equity securities for securities or cash collateral of at least 102 percent and international securities of at least 105 percent of the securities plus any accrued interest. The securities lending contracts do not allow the Plan to pledge or sell any collateral securities unless the borrower defaults. Cash collateral is invested in the agent's collateral investment pool, whose share values are based on the amortized cost of the pool's investments. At September 30, 2018, the pool had weighted average terms to maturity of forty-five days.

The relationship between the maturities of the investment pool and the Plan's loans is affected by the maturities of the securities loans made by other entities that use the agent's pool, which the Plan cannot determine. There are policy restrictions by the custodial bank that limits the amount of securities that can be lent at one time or to one borrower.

The following represents

The following represents the balances relating to securities lending transactions at September 30, 2018:

Securities Lent:	Market Value of Securities on Loan for Cash	Fair Value of Cash Collateral Invested
U.S. government and agency obligations	\$ 2,963,787	\$ 3,026,304
Domestic corporate stocks	24,017,332	24,638,988
Domestic corporate bonds	3,174,969	3,250,222
Total Securities Lent	\$ 30,156,088	\$ 30,915,514

The contract with the Plan's custodian requires the custodian to indemnify the Plan if the borrower fails to return the securities, due to the insolvency of a borrower, and the custodian has failed to live up to its contractual responsibilities relating to the lending of those securities. At year end, the Plan has no credit risk exposure to borrowers because the amounts of collateral held by the Plan exceed the amounts the borrowers owe the Plan. There are no significant violations of legal or contractual provisions, no borrowers or lending agent default losses, and no recoveries of prior period losses during the year. There are no income distributions owing on securities lent.

NOTE 5 - CAPITAL ASSETS

Depreciation expense was charged to functions/programs of the City as follows for the fiscal year ended September 30, 2018:

Governmental Activities:	
General Government	\$ 4,514,971
Public Safety	2,457,336
Transportation	1,152,452
Culture and Recreation	1,318,562
Physical Environment	641,651
Total depreciation expense – Governmental Activities	<u>\$ 10,084,972</u>
Business-Type Activities:	
Sanitary Sewer System Fund	\$ 387,470
Parking System Fund	948,768
Stormwater Utility Fund	110,455
Total depreciation expense – Business-Type Activities	<u>\$ 1,446,693</u>

NOTE 6 - INTERFUND TRANSACTIONS

The interfund balance between General Fund and General Obligation Bond represents short-term loan to cover temporary negative balance in equity in pooled cash related to grant expenditures pending reimbursement from the Miami-Dade County Building Better Community grant program.

<u>Due from/to other funds</u>	<u>Due From Other Funds</u>	<u>Due to Other Funds</u>
Governmental Activities:		
Major governmental fund:		
General Fund	\$ 515,000	\$ -
Nonmajor governmental fund:		
General Obligation Bond	-	515,000
	<u>\$ 515,000</u>	<u>\$ 515,000</u>

Interfund transfers for the fiscal year ended September 30, 2018 are as follows:

	Transfer In				
	Major Governmental Funds			Major Proprietary Fund	Total
	General	Debt Service	General Improvement	Sanitary Sewer	
Transfer out:					
Major governmental fund:					
General	\$ -	\$ 5,203,993	\$ 13,627,377	\$ -	\$ 18,831,370
Major proprietary fund:					
Sanitary Sewer	1,256,843	-	-	-	1,256,843
Parking System	7,035,000	-	-	41,563	7,076,563
Non-major proprietary fund					
Stormwater	482,725	-	-	-	482,725
Internal Service fund:					
Motor Pool	443,737	-	-	-	443,737
Public Facilities	658,264	-	-	-	658,264
Insurance Fund	1,416,740	-	435,013	-	1,851,753
	<u>\$ 11,293,309</u>	<u>\$ 5,203,993</u>	<u>\$ 14,062,390</u>	<u>\$ 41,563</u>	<u>\$ 30,601,255</u>

Transfer out from the General Fund to General Improvement Funds was primarily to provide additional funding for capital project expenditures. Transfer out from General Fund to the Debt Service Fund is required to provide funds to pay debt service requirements related to the special revenue bonds. Transfers out from Parking Systems Fund, Sanitary Sewer Fund, Stormwater Fund, Public Facilities Fund, and Insurance Fund to the General Fund were primarily to provide funding as a subsidy for the cost of operations of the General Fund and in accordance with City resolutions. Transfer out from Parking Fund to Sanitary Sewer was primarily to provide funding for rehabilitation of City sewer pumps. Transfer out from the Insurance Fund to General Improvement Funds was primarily to provide additional funding for capital project expenditures.

NOTE 7 - LONG-TERM DEBT

(a) Following is a summary of the City’s Special Obligation Bonds at September 30, 2018:

Issue Date	Maturity Date	Interest Rate	Amount Authorized	Amount Issued	Amount Retired	Balance Outstanding 09/30/18	Current Portion
Governmental Activities:							
06-30-2011	10-01-2032	1.51%	\$ 4,365,000	\$ 4,365,000	\$ 975,000	\$ 3,390,000	180,000

The City’s special obligation bonds consist of loans from the Sunshine State Governmental Financing Commission to provide funds for the acquisition, construction and improvements of capital facilities, and are collateralized and payable from non-ad valorem tax revenues of the City and capital special assessments imposed on local areas within the City. With respect to the governmental special obligation bonds, fiscal year 2018 debt service was \$7,448,802 while total non-ad valorem tax revenue totaled \$87,424,403. For the business-type special obligation bonds, fiscal year 2018, debt service totaled \$1,636,076 while total non-ad valorem revenue totaled \$30,416,736. All revenue pledges remain in effect for the life of the special obligation bonds through final maturity date of April 1, 2048.

The City issued in May 2018 the following special obligation bonds:

Series 2018A - On May 31, 2018, the City issued Capital Improvement Revenue Bonds, Series 2018A with principal amount of \$48,015,000 plus bond premium of \$2,362,809 to finance the cost of certain capital improvements including, but not limited to design and construction of new public safety building with attached parking garage. The bonds are secured by the City’s covenant to budget and appropriate from legally available non ad valorem revenues. The Series 2018A is tax-exempt and has an all-in-true interest cost of 3.64% payable on April 1 and October 1 of each year and matures on April 1, 2048. Principal amount is paid annually starting April 1, 2019. The bond premium of \$2.36 million is amortized over the life of the bond beginning April 1, 2019.

Series 2018B - On May 31, 2018, the City issued Capital Improvement Revenue Refunding Bonds, Series 2018B with principal amount of \$32,620,000 plus bond premium of \$3,142,909 to accomplish the current refunding of Series 2012 in the amount of \$35,285,000 with interest rate of 2.67% which was scheduled to mature October 1, 2031. The Series 2018B is tax-exempt and has an all-in-true interest cost of 2.87% payable on April 1 and October 1 of each year and matures on October 1, 2031. Principal amount is paid annually starting October 1, 2018. The bond premium of \$3.14 million is amortized over the life of the bond beginning April 1, 2019.

The reacquisition price equals the net carrying amount of the debt. Thus, no deferred loss or gain on refunding resulted from the bond refunding. The refunding resulted in economic gain (difference between the present value of the debt service payments on the old debt and new debt) of \$951,581 and allowed the City to eliminate onerous bank covenants associated with the refunded bonds and avoided the risk associated with a lender put option in June 2022.

The City has utilized the Sunshine State Governmental Financing Commission (the “Commission”) since 1987 as its source to finance the acquisition and construction of City facilities. The Commission was created in November 1985, initially by the cities of Tallahassee and Orlando, Florida. As of September 30, 2015, the Commission’s membership consists of the following Florida governmental units: City of Coral Gables; City of Coral Springs; City of Daytona Beach; City of Ft. Lauderdale; City of Jacksonville; City of Lakeland; City of Miami; City of Hollywood; City of Miami Beach; City of Orlando; City of St. Petersburg; City of Tallahassee; City of Vero Beach; Miami-Dade County; Palm Beach County; and Polk County. In addition, the City of Fort Pierce, Leon County, and the City of West Palm Beach participate in the Commission’s programs as non-members. Other Florida local governments may in the future become members or non-member participants, including units of government such as special districts or other qualifying public agencies. Each member government appoints a representative to the Commission. These representatives elect a five-member board of directors to administer the loan program.

NOTE 7 - LONG-TERM DEBT (CONTINUED)

Total annual debt service requirements on long-term debt outstanding as of September 30, 2018, are as follows:

BUSINESS-TYPE ACTIVITIES							
Fiscal Year	Special Obligation Bonds			Capital Leases			Business-Type Activities
	Principal	Interest	Total Required	Principal	Interest	Total Required	Total Requirements
2019	\$ 1,296,595	\$ 387,454	\$ 1,684,049	\$ 8,195	\$ 41	\$ 8,236	\$ 1,692,285

	\$ 23,115,509	\$ 4,697,385	\$ 6,455,820	\$ 21,357,074	\$ 1,493,492

(b) Deferred Charge on Refunding/Deferred Outflow

The City has refunded certain special obligation bonds in prior years that resulted in a deferred loss on refunding in total amount of \$530,801. This amount is reported as deferred charge on refunding in the statement of net position and amortized over the life of the refunding debt. As of September 30, 2018, the unamortized amounts of deferred charge on refunding are \$143,625 for governmental activities and \$96,077 for business-type activities.

See Note 8 for information on deferred outflows/inflows related to pension.

All of the City’s outstanding loans are tax exempt except for the \$4,365,000 loan issued on June 30, 2011; \$4,350,000 issued on February 28, 2013; and \$570,000 loan issued on February 26, 2016, which are taxable.

(c) Obligation on Purchase and Sale of Land

On April 6, 2017, the City entered into an Agreement of Purchase and Sale with a private developer (the “Developer”) wherein the City agreed to sell and the Developer agreed to purchase the City’s existing public safety building and land (“Salzedo Parcel”). Also, the Developer agreed to sell and the City agreed to purchase the Developer’s vacant land (“Minorca Parcel”). The Minorca Parcel will be improved by the City with a new public safety building and a mixed use parking garage. The first closing that occurred was the Minorca Parcel closing which took place on June 7, 2017. In consideration for the conveyance of the Minorca Parcel to the City, the Developer shall receive from the City the conveyance of the Salzedo Parcel and impact fee credit of \$2 million. The City took possession of the Minorca Parcel and started the pre-construction phase on the project in fiscal year 2018. The City has three (3) years to complete the construction project and to convey the Salzedo Parcel to the Developer no later than July 30, 2020 which is the proposed Salzedo Closing date. In the event that the Developer exercises its right to terminate the Agreement after the City took possession of the Minorca Parcel, the City has two years after the delivery of termination notice by the Developer, to pay the Developer \$11.5 million for the Minora Parcel and the Developer forfeits its right to the impact fee credit. On the proposed Salzedo Parcel Closing date, the Developer shall pay the City the purchase price of \$5.2 million for the Salzedo Parcel. In the event that the Salzedo Parcel closing did not occur on or before July 30, 2020, the purchase price of \$5.2 million will be decreased by certain amounts based on the purchase price reduction schedule provided in the Agreement.

As of September 30, 2018, the City has recognized a long-term obligation to the Developer in the amount of \$11.5 million for the Minorca Parcel where the new public safety building and parking garage are being built. The final settlement of this obligation by the City is dependent on the Developer’s exercise of its right to close on the Salzedo Parcel or terminate the Agreement on or before July 30, 2020.

(d) Capital Lease Obligations

The City has entered into certain lease agreements as lessee for financing the acquisition of certain vehicles and equipment for use by different departments. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the inception date. The capital lease obligations of both governmental activities and business-type activities are payable from non-ad valorem revenues of the City.

The original present value of the minimum payments under the arrangement and the capitalized basis is \$5,542,543 net of accumulated depreciation of \$4,319,681 for governmental activities; and \$858,406 as the capitalized basis and \$827,124 accumulated depreciation for business-type activities.

Future minimum lease obligations are as follows:

Business-Type Activities	
<u>Year ending September 30:</u>	<u>Amount</u>
Total minimum lease payments -2018	\$ 8,236
Less: Amount representing interest	(41)
Present value of minimum lease payments	<u>\$ 8,195</u>
Governmental Activities	
<u>Year ending September 30:</u>	<u>Amount</u>
Total minimum lease payments -2018	\$ 470,915
Less: Amount representing interest	(19,520)
Present value of minimum lease payments	<u>\$ 451,395</u>

NOTE 8 - EMPLOYEE PENSION PLANS

The City’s employee retirement plans include one single-employer defined benefit plan and six defined contribution plans.

(a) Defined Benefit Plan

Coral Gables Retirement Plan

(1) Plan Description

The City of Coral Gables Retirement System (the "Plan") is a single employer defined benefit pension plan, covering substantially all regular full time general, police, and fire department employees of the City of Coral Gables, Florida (the "City") that have met the conditions of eligibility.

The Plan's governing board consists of 13 members, as follows:

- One is elected by the participating police officers
- One is elected by the participating firefighters
- One is elected by the participating employees, other than police officers and firefighters
- One is elected by all current fulltime participating employees
- Five are legal residents of the City who are not participants and are appointed by the City Commission
- The City Finance Director
- The City Labor Relations and Risk Management Director
- Two are recommended by the City Manager and approved by the City Commission

The following is a brief description of the Plan provided for general information purposes only. Members should refer to the Plan document for more complete information.

Plan Membership - Plan membership consisted of the following as of October 1, 2017:

Retirees and beneficiaries currently receiving benefits, including DROP, and terminated employees entitled to benefits, but not yet receiving them	974
Current Employees:	
Vested	282
Non-vested	317
Total	599

Pension Benefits

Normal Retirement Date

Participants, other than firefighters and police officers, with more than 10 years of credit service at September 30, 2010 may retire and receive normal retirement benefits upon reaching the earliest of (a) age 52 and 10 years of credited service, (b) age 65 or (c) when the participant’s age plus years of credited service equals or exceeds 70 (Rule of 70). Participants, other than firefighters and police officers, with less than 10 years of credited service at September 30, 2010 may retire and receive normal benefits upon reaching the earliest of (a) age 62 and 10 years of credited service, (b) age 65 and 6 years of service or (c) when the participant's age plus years of credited service equals or exceeds 80 (Rule of 80).

Police officers with more than 10 years of credited service at September 30, 2012 may retire and receive normal retirement benefits upon reaching the earliest of (a) age 52 and 10 years of credited service, (b) age 65 or (c) when the participant’s age plus years of credited service equals or exceeds 70 (Rule of 70). Police officers with less than 10 years of credited service at September 30, 2012, may retire and receive normal retirement benefits upon reaching the earliest of (a) age 55 and 10 years of credited service or (b) 25 years of credited service, regardless of age.

Firefighters with more than 10 years of credited service at September 30, 2013 may retire and receive normal retirement benefits upon reaching the earliest of (a) age 52 and 10 years of credited service, (b) age 65 or (c) when the participant’s age plus years of credited service equals or exceeds 70 (Rule of 70). Firefighters with less than 10 years of credited service at September 30, 2013, may retire and receive normal retirement benefits upon reaching the earliest (a) age 51 and 25 years of credited service or (b) when your age plus full years of credited service equal 76 (Rule of 76).

Benefit Payment

For credited service through and including September 30, 2013 and 2012, the monthly amount of normal retirement income payable to firefighters and police officers, respectively, shall equal 3% of the average final compensation multiplied by the total years of credited service as of such date, not to exceed 75% of the average financial compensation. For credited service after September 30, 2013 and 2012, the monthly amount of normal retirement income payable to firefighters and police officers, respectively, shall equal 3% of the average final compensation multiplied by the first 10 years of credited service, and 2.5% of average final compensation multiplied by the total years of credited service in excess of the first 10 years of credited service, with the combined normal retirement income not to exceed 75 percent of average final compensation.

Effective September 30, 2013, the term “average financial compensation” for firefighters means:

- For participants who retire between October 1, 2012 and September 30, 2013, the greater of (a) the highest three-year average total earnings as of the date of retirement or (b) the highest four-year average total earnings;
- For participants who retire between October 1, 2013 and September 30, 2014, the greater of (a) the highest four-year average total earnings as of the date of retirement or (b) the highest five-year average total earnings;
- For participants who retire on or after October 1, 2014, the highest five-year average earnings;

Effective September 30, 2012, the term “average financial compensation” for police officers means:

- For participants who retire before October 1, 2012, the highest three-year average total earnings.
- For participants who retire between October 1, 2012 and September 30, 2013, the greater of (a) the highest three-year average total earnings as of the date of retirement or (b) the highest four-year average total earnings;

- For participants who retire between October 1, 2013 and September 30, 2014, the greater of (a) the highest four-year average total earnings as of the date of retirement or (b) the highest five-year average total earnings;
- For participants who retire on or after October 1, 2014, the highest five-year average earnings;

Effective September 30, 2013 and 2012, retirement benefits for firefighters and police officers, respectively, shall be based on pensionable earnings and not total earnings. For both firefighters and police officers, pensionable earnings exclude certain compensation, such as unused annual leave, unused sick leave, special assignment pay, all overtime payments, and tuition reimbursement, amongst others.

Effective February 28, 2017, the monthly normal retirement benefit was changed to provide police officers an enhanced benefit for the 25th year of credited service. 10%, as opposed to 2.5% of average financial compensation, may be applied to the 25th year of credited service, such that the total normal retirement income does not exceed 75% of average final compensation.

Effective September 30, 2010, the monthly amount of normal retirement income payable for general and excluded employees who retire after that date shall equal the greater of the participant's five-year or three-year average earnings as of the date of retirement (or separation from employment) as of September 29, 2010, multiplied by total years of credited service and by a percentage, as applicable below:

General:

- (a) elected: 3% multiplier
- (b) other general: 2.25% multiplier

Excludable:

- (a) managerial employees: 3% multiplier for first 10 years; 2.25% thereafter;
- (b) professional/supervisory employees: 2.5% multiplier for first 10 years; 2.25% thereafter;
- (c) confidential employees: 2.25% multiplier
- (d) appointed officials: 3% multiplier

Effective March 13, 2018, the maximum retirement benefit in the normal annuity form for general and excluded employees with less than 10 years of credited service on March 13, 2018 shall not exceed the lesser of \$50,000 annually or 75% of final average compensation. For participants with 10 or more years of service on March 13, 2018, the maximum retirement benefit in the normal annuity form shall not exceed \$67,500 annually or 75% of final average compensation. In no event, shall a participant's benefit be less than the accrued benefit on March 13, 2018.

Notwithstanding the foregoing, the normal retirement income payable to participants, other than police officers and firefighters, who as of September 30, 2010 attained the normal retirement date in effect on September 29, 2010, shall be based on the highest three-year average.

As to all participants, with the exception of members of the bargaining units represented by the Fraternal Order of Police, Lodge No.7, and the International Association of Firefighters, Local 1210, who retire after completing 40 years or more of service on or after December 31, 1993, the benefit will be calculated using 80% of the highest two-year average annual earnings.

For bargaining unit members who are not eligible for normal retirement as of February 28, 2017 and whose accrued annual pension benefit as of February 28, 2017 does not exceed \$95,000 per year, the total pension benefit will be the lesser of 75% of average financial compensation or \$95,000. Effective September 30, 2019, the cap changes to the lesser of 75% of average financial compensation or \$96,900.

Effective March 13, 2018, for participants in the bargaining unit represented by Teamsters Local Union 769, the maximum retirement benefit in the normal annuity form shall not exceed the lesser of: \$50,000 annually or 75% of final average compensation for participants with less than 10 years of credited service on March 13, 2018; and \$67,500 annually or 75% of the final average compensation for participants with 10 or more years of credited service on March 13, 2018; provided in no event shall a participant's benefit be less than the accrued benefit on March 13, 2018.

Early retirement, disability, death and other benefits are also provided. For police officers and firefighters not eligible for normal retirement at September 30, 2012 and September 30, 2013, respectively, early retirement is eliminated.

Deferred Retirement Option Plan

Members who continue employment with the City and meet the earliest Deferred Retirement Option Plan (the "DROP") eligibility date may freeze their accrued benefit and enter the DROP. Maximum participation in the DROP shall be 5 years for general and police members and 8 years for firefighter members for members entering the drop prior to February 28, 2017. Effective February 28, 2017, the maximum participation in the DROP shall be 7 years for police members entering the DROP on or after February 28, 2017. Effective September 30, 2019, the maximum participation in the DROP shall be 5 years for police members entering the DROP on or after September 30, 2019.

For members electing participation in the DROP, an individual DROP account shall be created. Payment shall be made by the Plan into the member's DROP account in an amount equal to the regular monthly retirement benefit, which the participant would have received had the participant separated from service and commenced receipt of pension benefits.

DROP payments contributed to a member's DROP account earn interest at a rate equal to actual rate of return on the Plan's portfolio from a minimum of 3% to a maximum of the assumption rate of return per year, compounded annually.

Upon termination of employment, the balance in the member's DROP account, including interest, is payable to them and they also begin to receive their monthly retirement benefit. The value of the DROP accounts at September 30, 2018 was \$37,317,243.

A participant, other than a firefighter or police officer, who enters the DROP on or after October 1, 2010, must submit a written election to participate in the DROP at least 30 days prior the DROP entry date. Such participant may delay entry into the DROP for up to 3 years past the earliest DROP eligibility date. If entry is delayed beyond 3 years, the participant must reduce the maximum DROP period by one month for each month of delayed DROP entry.

For firefighter and police officer participants, the election to enter the DROP must be made no later than six months after the later occurrence of events which constitute a DROP eligibility date. Police officers, however, can defer entry into the DROP for any length of time beyond their initial DROP eligibility date.

A summary of the changes in the DROP balance as of September 30, 2018 is as follows:

Beginning balance	\$	33,835,492
Additions		8,015,927
Distributions		(7,017,788)
Interest		2,483,612
Ending balance	\$	<u>37,317,243</u>

Cost of Living Adjustment (“COLA”)

Effective January 1 of each year, participants who were receiving benefits for the full preceding year will receive a cost of living increase based on a formula as defined in the ordinance, if the market value rate of return is greater than or equal to 10%. Effective February 10, 2015, cost of living adjustments may be granted only if the Plan remains in a net positive experience position, determined on a cumulative basis from July 1, 1994.

On June 12, 2013, the plaintiffs filed a putative class action lawsuit against the City of Coral Gables seeking a cost of living adjustment (“COLA”) to their retirement benefits effective January 1, 2013. On September 18, 2017, the two plaintiffs, on behalf of themselves and all Class Members, and the City of Coral Gables executed a Class Action Settlement Agreement. On February 26, 2018, final judgement in the lawsuit was approved by the court.

The terms of the settlement agreement entitled the Class Members to receive a permanent COLA of 2.975%, retroactive to January 1, 2013 and/ or a permanent COLA of 0.25%, retroactive to January 1, 2014, depending on the date on which the Class Member began receiving retirement benefits. Class members who began receiving retirement benefits on or before January 1, 2012 will be entitled to both the 2.975% COLA and the 0.25% COLA. Class members who begin receiving retirement benefits after January 1, 2012 but on or before January 1, 2013 will only be entitled to the 0.25% COLA.

Termination

If a member terminates employment before retirement, their contributions are returned to them. The Plan also provides a special provision for vested benefits for employees who terminate after 10 years of service.

Member Contribution

Effective December 8, 2015, it is not mandatory for any new employee other than a police officer or firefighter to participate in the Plan. Such employee shall have the option of participation in the Plan or a defined contribution plan. The employee must exercise the option within thirty days following their date of hire.

Prior to September 30, 2013, police officer and firefighter participants are required to contribute 5% of their total earnings to the Plan. Effective September 30, 2013, firefighters are required to contribute 8% of pensionable earnings to the Plan. Effective September 30, 2014, all police officer and firefighter participants are required to contribute 10% of their pensionable earnings to the Plan.

Effective September 30, 2010, all participants in the Teamsters Local Union 769 Bargaining Unit are required to contribute 10% of total earnings to the Plan. Effective October 1, 2017, it is not mandatory for a non-bargaining unit police officer or firefighter hired from outside the City on or after September 26, 2017 to participate in the Plan. Such employee shall have the option of participating in the Plan or in another retirement plan and must exercise that option within 30 days following their date of hire.

Effective October 1, 2011 general employees who were members of Local Union 769 and management employees shall have their contribution percentage increased based on increases in City contribution requirements since the October 1, 2009 actuarial provisions. For the fiscal year ended September 30, 2012, Union 769 employees' contribution was determined to be 14.27% and management employees 13.79%. Effective October 1, 2013, the contribution rate for management and union employees were 15.00% and 17.00%, respectively, of compensation. Effective October 1, 2014, Union 769 employees are required to contribute 15.00% of total earnings and excluded employees shall contribute in accordance with the cost-sharing provisions with the City.

For General excluded employees, effective October 1, 2014 through March 18, 2018, excluded employees shall contribute in accordance with the cost-sharing provisions of the City Ordinance. Effective March 19, 2018, excluded employees shall contribute at a rate equal to 0.5% less than the percent of compensation determined in accordance with the cost-sharing provisions of the City Ordinance, but in no event less than 10% of compensation. Effective the first pay period after October 1, 2018, excluded employees shall contribute at a rate equal to 1.0% less than the percent of compensation determined in accordance with the cost-sharing provisions of the City Ordinance, but in no event less than 10% of compensation. Effective the first pay period after October 1, 2019, excluded employees shall contribute at a rate equal to 1.5% less than the percent of compensation determined in accordance with the cost-sharing provisions of the City Ordinance, but in no event less than 10% of compensation. Effective the first pay period after September 30, 2020, excluded employees shall contribute in accordance with the cost-sharing provisions of the City Ordinance.

The City entered into a collective bargaining agreement with the Teamsters, Local Union 769, for a three-year term (October 1, 2017 through September 30, 2020). The collective bargaining agreement contains certain changes to the Plan provisions for General employees that have been approved in March 2018, as described below.

Effective October 1, 2016, participants in the bargaining unit represented by Teamsters Local Union 769 shall contribute in accordance with the cost-sharing provisions of the City Ordinance, subject to a maximum cap of 15% of compensation through March 18, 2018; 14.5% of compensation from March 19, 2018, through the last full pay period before October 1, 2018; 14% of compensation from the first pay period after October 1, 2018 through the last full pay period before October 1, 2019; and 13.5% of compensation from the first pay period after October 1, 2019 through the last full pay period before September 30, 2020. Effective the first pay period after September 30, 2020, participants in the bargaining unit represented by Teamsters Local Union 769 shall contribute in accordance with the cost-sharing provisions of the City Ordinance, subject to a maximum cap of 15% of compensation.

Funding Requirements

The City is required to pay into the Plan such amount as necessary to maintain the actuarial soundness of the Plan and to provide the Plan with assets sufficient to meet the benefits to be paid to the employees. The City's contribution is reduced by the following:

- (a) For police officers and firefighters:
 - Pursuant to Florida Statutes, Chapters 175 and 185, contributions from the State of Florida Department of Insurance consist of an excise tax imposed by the City upon certain casualty insurance companies on the gross amount of receipts of premiums from policy holders on all premiums collected on casualty insurance policies covering property within the City. The allowable portion of the State (Share Plan) contribution is used to reduce the City's contribution when received.
- (b) For general employees who are members of Local Union 769 and excluded employees (effective October 1, 2011):
 - Employee contribution percentages for each fiscal year beginning October 1, 2011 and subsequent fiscal years shall be increased based on the increases in City contribution requirements since the October 1, 2009 Actuarial Valuation.
 - City contribution percentages shall be decreased by the amount of the employees' contribution increases.
 - The City's October 1, 2009 contribution requirements, as adjusted for the September 27, 2010 Actuarial Impact Statement, will be further adjusted for the impacts of any changes in Actuarial Assumptions and/or methods subsequent to October 1, 2009.

Effective October 1, 2017, it is not mandatory for a non-bargaining unit police officer or firefighter hired from outside the City on or after September 26, 2017 to participate in the Plan. Such employee shall have the option of participating in the Plan or in another retirement plan and must exercise that option within 30 days following their date of hire.

Investments

The Plan has contracts with investment counselors who supervise and direct the investment of equity and fixed income securities. In addition, the Plan utilizes an investment consultant who monitors the investing activity. The investments owned are held by a custodian in the name of the Plan. The Plan provides for investment in U.S. Government securities, money market funds, bonds, notes, common stock, international equity securities, real estate and alternative investments.

The Coral Gables Retirement Plan issues a publicly available financial report that includes the applicable financial statements and required supplementary information. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Retirement Administrative Manager, 147 Alhambra Circle, Suite 215, Coral Gables, Florida 33134.

(2) Basis of Accounting for Coral Gables Retirement System

The Plan's financial statements are prepared using the accrual basis of accounting. Employee contributions are recognized as revenues in the period in which the contributions are due. City contributions are recognized as revenue when due pursuant to the actuarial valuation. Share Plan contributions are recognized as revenue in the period in which they are approved by the State. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. Interest and other income are recorded as earned and dividend income is recorded as of the ex-dividend date.

Cash and Cash Equivalents

The Plan considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

Investments - See Note 4 for disclosures

Unrealized gains and losses are presented as net appreciation in fair value of investments on the statement of changes in fiduciary net position along with gains and losses realized on sales of investments. Purchases and sales of securities are reflected on a trade-date basis. Interest income is recognized as earned and dividend income is recorded as of the ex-dividend date. Realized gains and losses on the sale of investments are based on average cost identification method.

Given the inherent nature of investments, it is reasonably possible that changes in the value of those investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of fiduciary net position.

Risks and Uncertainties

Contributions to the Plan and the actuarial information included in the required supplementary information (RSI) are reported based on certain assumptions pertaining to the interest rates, inflation rates and employee compensation and demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions may occur in the near term and, due to the uncertainties inherent in settling assumptions, that the effect of such changes could be material to the financial statements.

Net Pension Liability

The City’s net pension liability was measured as of September 30, 2017 and rolled-forward to September 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

The components of the net pension liability of the City at September 30, 2018 were as follows:

	Amount
Total pension liability	573,403,021
Plan fiduciary net position	(375,542,430)
Total net pension liability	197,860,591
Plan fiduciary net position as a percentage of the total pension liability	65.49%

Actuarial Assumptions

The total pension liability was determined using the following actuarial assumptions:

Actuarial cost method	Entry Age Normal, Level Percent of Pay
Inflation	2.50%
Salary increases	3.25% - 7.25%, depending on age, including inflation.
Investment rate of return	7.75%
Retirement age	Experience-based table of rates that are specific to the type of eligibility condition
Mortality	RP-2000 Combined Healthy Participant Mortality Table for active members and RP-2000 Healthy Annuitant Mortality Table for nondisabled inactive members, with mortality improvements projected to all future years using Scale BB.

RP-2000 Combined Healthy Participant Mortality Table for active members and RP-2000 Healthy Annuitant Mortality Table for nondisabled inactive members, with mortality improvements projected to all future years using Scale BB. For females, the base mortality rates include a 100% white collar adjustment. For males, the base mortality rates include a 50% white color adjustment / 50% blue collar adjustment for General Employees and a 10% white color adjustment / 90% blue collar adjustment for Police Officers and Firefighters. These are the same mortality rates used in the July 1, 2016 actuarial valuation of the Florida Retirement System (FRS), as required under Florida Statutes Chapter 112.63.

The actuarial assumptions used in the September 30, 2017 valuation were based on the results of an actuarial experience study for the six-year period ending September 30, 2015.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in the Plan’s target allocation as of the valuation date of September 30, 2017 are summarized in the following table:

Asset Class	Target Allocation		Long-Term Expected Real Rate of Return *
	Minimum	Maximum	
Domestic equities	35%	45%	7.5%
International equities	15%	25%	8.5%
Domestic bonds	10%	20%	2.5%
International bonds	0%	10%	3.5%
Real estate	5%	15%	4.5%
Alternative	0%	15%	6.24%

*Real rate of return adjusted for annual inflation rate of 2.50%.

Discount Rate

The discount rate used to measure the total pension liability was 7.75%. This single discount rate was based on the expected rate of return on pension plan investment of 7.75%. The projection of cash flows used to determine the discount rate assumed that plan employee contributions will be made at the current contribution rate and that contributions from the City will be made at rates equal to the difference between the total actuarially determined contribution rates and the employee rate. Based on these assumptions, the Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current Plan members. Therefore, the long-term expected rate of return on pension plan investments (7.75%) was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in Net Pension Liability

	Coral Gables Retirement Plan		
	Increase (Decrease)		
	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability
	(A)	(B)	(A)-(B)
Beginning Net Pension Liability	\$ 561,721,500	\$ 342,189,550	219,531,950
Changes for the year:			
Service cost	5,733,127	-	5,733,127
Interest on the total pension liability	42,159,212	-	42,159,212
Changes of benefit terms	1,018,772	-	1,018,772
Difference between expected and actual experience	(2,863,731)	-	(2,863,731)
Changes of assumptions	12,563,730	-	12,563,730
Contributions - employer	-	26,219,139	(26,219,139)
Contributions - nonemployer	-	145,830	(145,830)
Contributions - member	-	4,600,399	(4,600,399)
Net investment income	-	49,719,894	(49,719,894)
Benefit payments	(46,396,280)	(46,396,280)	-
Refunds	(533,309)	(533,309)	-
Administrative expense	-	(402,793)	402,793
Net changes	11,681,521	33,352,880	(21,671,359)
Ending Net Pension Liability	\$ 573,403,021	\$ 375,542,430	\$ 197,860,591

Sensitivity of the Net Pension Liability to Change in the Discount Rate

The following presents the net pension liability of the City calculated using the discount rate of percent of 7.75%, as well as what the employer net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75 percent) or 1-percentage-point higher (8.75 higher) than the current rate as of September 30, 2017 and rolled-forward to September 30, 2018:

	City's Net Pension Liability		
	1% Decrease	Current Discount Rate	1% Increase
	(6.75%)	(7.75%)	(8.75%)
September 30, 2018	\$ 253,204,229	\$ 197,860,591	\$ 151,163,060

Pension Expense and Deferred Outflows of Resources and
Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2018, the City recognized pension expense of \$20,914,307 as follows:

Amounts recognized in pension expense:

Changes for the year:

Service cost	\$ 5,733,127
Interest on the total pension liability	42,159,212
Current period benefit changes	1,018,772
Contributions - member	(4,600,399)
Projected earnings on plan investments	(26,901,460)
Administrative expense	402,793
Recognition of outflow (inflow) of resources due to liabilities	4,839,472
Recognition of outflow (inflow) of resources due to assets	(1,737,210)
Net changes	<u>\$ 20,914,307</u>

As of September 30, 2018, the City reported deferred outflows and deferred inflows of resources related to pension from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 570,015	\$ 2,068,250
Changes in assumptions	9,440,853	-
Employer contributions made subsequent to the measurement date	26,583,824	-
Net difference between projected and actual earnings on pension plan investments	8,095,706	19,725,017
Total	<u>\$ 44,690,398</u>	<u>\$ 21,793,267</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions that will be recognized in pension expense are as follows:

Year Ending September 30:	<u>Net Deferred Inflow of Resources</u>
2019	\$ 1,705,817
2020	2,242,642
2021	(3,071,466)
2022	(4,563,686)
2023	-
Total	<u>\$ (3,686,693)</u>

The deferred outflow of resources of \$26,583,824 resulting from City contributions to the Plan subsequent to the measurement date will be recognized as a reduction of the net pension liability/net pension expense for the fiscal year ending September 30, 2019.

The Schedule of Changes in the Net Pension Liability and Related Ratios and the Schedule of Contributions, presented as Required Supplementary Information (RSI) following the notes to the financial statements, provides additional information about the net pension liability, plan assets and contributions for each of the City's defined benefit pension plan.

(b) Defined Contribution Plans for Police Officers and Firefighters

The City provides pension benefits for its Police Officers and Firefighters, as a supplement to the benefits provided under the Coral Gables Retirement defined benefit pension plan, through two defined contribution plans, the Police Officers' Pension Fund and Firefighters' Pension Fund. Benefits from these plans depend solely on amounts contributed to the plans, plus investment earnings. Employer contributions to both plans are the proceeds of a tax on certain insurance companies collected by the State of Florida and distributed to qualified municipalities according to Florida Statutes, Chapter 185 for Police Officers and Chapter 175 for Firefighters. The plan is administered by the Police and Firefighters Pension Board. The Pension Board with approval of the City Commission has authority for amending the plan.

Police Officers

(1) Plan Description

The Police Officers' Retirement Trust Fund (the "Plan") is a defined contribution pension plan covering all police officers employed by the City. The Plan was created and is operated under the Code of the City of Coral Gables, Chapter 50, "Pension", Article III - "Retirement System for Police Officers" enacted in 1988.

Police Officers participate from the date of employment as a police officer. Contributions to the Plan are distributed to participants based on the years of service for the individual participant as it relates to the total years of service for all participants. Each participant is credited one share for each year in the Plan, up to a maximum of thirty (30) shares. Initial shares will be credited to eligible participants on April 1 of each year. At September 30, 2018, the Plan membership consisted of 254 active members.

Employees are fully vested after 10 years of credited service in the Plan; no partial vesting is provided. Amounts forfeited by employees for any reason are redistributed to the remaining participants based on the relative amounts of shares held.

The City contributions for the fiscal year were \$558,378 representing 3.56% of total covered payroll of police officers participating in the Plan of \$15,704,898.

The Police Officers Plan issues a publicly available financial report that includes the applicable financial statements and required supplementary information. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Retirement System Administrator, 3810 Inverrary Blvd., Lauderhill, Florida 33319.

(2) Summary of Significant Accounting Policies

Basis of accounting - the financial statement of the Plan has been prepared on the accrual basis of accounting. State contributions are recognized as revenue pursuant to approval by the State of Florida. Distributions are recognized when due and payable pursuant to the terms of the Plan. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investments – See Note 4 for disclosures.

Unrealized gains and losses are presented as net appreciation (depreciation) in fair value of investments on the statements of changes in fiduciary net position along with gains and losses realized on sales of investments. Purchases and sales of investments are recorded on a trade-date basis.

Firefighters

(1) Plan Description

The Firefighters’ Pension Fund (the “Plan”) is a defined contribution pension plan covering all firefighters employed by the City. The Plan was created and is operated under the Code of the City of Coral Gables, Chapter 50, “Pension”, Article IV - “Firefighters’ Pension Trust Fund” enacted in 1988. Firefighters participate from the date of employment as a firefighter. Contributions to the Plan are distributed to participants based on a formula of 5 shares for being a firefighter plus 1 additional share for every 5 years of service as a firefighter. Employees in service prior to August 25, 1987 are fully vested; the remaining employees become fully vested after 10 years of service; no partial vesting is provided. Amounts forfeited by non-vested employees who leave employment are redistributed to the remaining participants. As of September 30, 2018, there are 168 active plan members and 1,059 participating shares in the Plan.

The City contributions for the fiscal year were \$858,263 representing 5.8% of total covered payroll of firefighters participating in the plan of \$14,790,061.

(2) Summary of Significant Accounting Policies

Basis of accounting - the financial statement of the Plan has been prepared on the accrual basis of accounting. State contributions are recognized as revenue pursuant to approval by the State of Florida. Distributions are recognized when due and payable pursuant to the Plan. Interest and dividend income are recorded as earned.

Investments – See Note 4 for disclosures.

Unrealized gains and losses are presented as net appreciation (depreciation) in fair value of investments on the statements of changes in fiduciary net position along with gains and losses realized on sales of investments. Purchases and sales of investments are recorded on a trade-date basis.

The following is condensed financial information for the Firefighters’ Pension Fund, which does not issue a stand-alone report.

(c) Defined Contribution Plans for Appointed Officials, Excluded and General Employees

In September 2015, the City passed Ordinance No. 2015-21 amending the Code of the City of Coral Gables Section 50-26 pertaining to “Pension” (“Pension Code”) providing that it shall not be mandatory for any appointed official of the City, or any assistant city manager or deputy city attorney, or department director hired on or after September 8, 2015, to participate in the Coral Gables Retirement System (the “System”), but have the option of participation in the System. In the event the appointed officials and employees elect to participate in any retirement plan other than the System, the City may contribute a sum not to exceed the maximum limit provided by law to the plan. The ordinance also provides that it is not mandatory for elected official of the City to participate in the System. Elected officials who take office on or after October 1, 2008 shall become members of the Florida Retirement System in accordance with applicable law, and shall not participate in the city retirement system.

In September 2017, the City passed Ordinance No. 2017-38 to further amend the Pension Code Section 50-26 providing that it shall not be mandatory for a non-bargaining unit police officer or firefighter hired from outside the City on or after September 26, 2017 to participate in the System, but such employee shall have the option of participation in the System or in another retirement plan, and must exercise that option within 30 days following their date of hire. In the event such employee elects to participate in any retirement plan other than the system, the City may contribute a sum not to exceed the maximum limit provided by law to that plan.

The City has contracted Nationwide Retirement Solutions on behalf of its excluded and general employees for four defined contribution pension plans categorized as executives (for assistant city manager/deputy city attorney), department heads, excluded/teamster employees; and a separate plan for the City Manager and City Attorney. All plans are established under the provisions of Section 401(a) of the Internal Revenue Code as Money Purchase Plans and Trusts. The City Commission has the authority for establishing or amending the plan’s provisions. The assets of the plans are owned by the employee; however, the City has a custodial responsibility to properly administer the plans. In a defined contributions plan, benefits depend solely on amounts contributed to the plan plus investment earnings.

The City Manager’s and City Attorney’s 401(a) Plan requires the City to contribute 25% of the City Manager’s and City Attorney’s salary for each plan year and are not required to contribute to the plan. The City’s contribution and those of the City Manager and City Attorney (and interest allocated to their account) are fully vested at the time of the contribution.

The Executives 401(a) Plan provisions require the City to contribute 15% of each participant’s salary and participants are not required to contribute to the plan. Employees are eligible to participate from the date of employment. The City’s contributions for each employee (and interest allocated to the employee’s account) are fully vested at the time of the contribution.

The Department Heads 401(a) Plan provisions require the City to contribute 10% of each participant’s salary and participants are not required to contribute to the plan. Employees are eligible to participate from the date of employment. The City’s contributions for each employee (and interest allocated to the employee’s account) are vested at 20% after first year of service and increases by 20% at every year of service and fully vested after five years of continuous service.

The Excluded/Teamster 401(a) Plan provisions require the City to contribute 7% of each participant’s salary and participants are not required to contribute to the plan. Employees are eligible to participate from the date of employment. The City’s contributions for each employee (and interest allocated to the employee’s account) are vested at 20% after first year of service and increases by 20% at every year of service and fully vested after five years of continuous service.

For the year ended September 30, 2018, the City’s total contribution to the 401(a) defined contribution plans was \$355,075.

NOTE 9 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description – The City provides health insurance benefits to its retired employees through a single-employer plan administered by the City. Pursuant to the provisions of Section 112.0801, Florida Statutes, the City is mandated to permit participation in the health insurance program by retirees and their eligible dependents at a cost to the retiree that is no greater than the cost at which coverage is available for active employees. Retirees are required to pay 100% of the premium where premiums are determined based upon a blend of active employees and retirees. The blended rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees. The benefits provided under this defined benefit plan are provided for a retiree’s lifetime (or until such time at which retiree discontinues coverage under the City sponsored plan, if earlier).

Employees Covered by Benefit Terms – At September 30, 2017, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	158
Active employees	767
Total	925

Funding Policy - Currently, the City’s Retiree Health Care Plan is unfunded. The City is financing the other post-employment benefits (OPEB) on a pay-as-you go basis. There are no separate trust funds or equivalent arrangement into which the City contributes to advance-fund the OPEB liability, as it does for its retiree pension plans.

Total OPEB Liability

The City’s total OPEB liability was measured as of September 30, 2017 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The total OPEB liability in the September 30, 2017 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.50%
Discount rate	3.50%
Projected salary increases	3.25% - 7.25%
Healthcare cost trend rates	Based on the Getzen Model starting at 7.0% gradually decreasing to an ultimate rate of 4.3% in 2040
Retirees' share of benefit-related costs	100% of blended health insurance premium rates except by law of 0% for certain conditions for Police Officers and Firefighters death and disability benefits.

Discount rate is based on the Fidelity *20-Year Municipal GO AA Index*.

Mortality rates – healthy members based on various RP-2000 mortality tables with varying Collar adjustments and generational mortality improvements with Scale BB. Disabled employees based on RP-2000 disabled mortality tables setback 4 years for males and set forward 2 years for females and no projected improvements.

The actuarial assumptions used in the September 30, 2017 actuarial valuation are based on results on experience studies conducted by the Florida Retirement System as of 2014 and the City as of 2014.

Discount Rate

A discount rate of 3.50% was used to measure the September 30, 2017 total OPEB Liability. A discount rate of 3.10% was used for the beginning of the measurement period. These rates are based on the Fidelity 20-Year Municipal GO AA Index - daily rate closest or equal to but not later than the respective measurement dates.

Changes in Total OPEB Liability

Beginning Total OPEB Liability	<u>\$ 27,472,100</u>
Changes for the year:	
Service cost	1,075,954
Interest	872,196
Difference between actual and expected experience	(804,773)
Changes of assumptions	(1,323,222)
Benefit payments	<u>(831,764)</u>
Net changes	<u>(1,011,609)</u>
Ending Total OPEB Liability	<u>\$ 26,460,491</u>

Sensitivity of the Total OPEB Liability to Change in the Discount Rate

The following presents the total OPEB liability of the City calculated using the discount rate of percent of 3.5%, as well as what the total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.5 percent) or 1-percentage-point higher (4.5 percent) than the current rate as of September 30, 2017:

	City's Total OPEB Liability		
	1% Decrease (2.5%)	Current Discount Rate (3.5%)	1% Increase (4.5%)
September 30, 2017	\$ 30,512,491	\$ 26,460,491	\$ 23,182,537

OPEB Expense and Deferred Outflows of Resources and
Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2018, the City recognized OPEB expense of \$1,619,406 and reported deferred outflows of resources and deferred inflows of resources relate to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between actual and expected experience	\$ -	\$ 679,027
Changes in assumptions	-	1,116,469
Employer contributions made subsequent to the measurement date	744,404	-
Total	<u>\$ 744,404</u>	<u>\$ 1,795,496</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to benefits that will be recognized in OPEB expense are as follows:

Year Ending September 30:	Net Deferred Inflow of Resources
2019	\$ 332,499
2020	332,499
2021	332,499
2022	332,499
2023	332,499
Thereafter	133,001
Total	<u>\$ 1,795,496</u>

The deferred outflow of resources of \$744,404 resulting from City contributions to OPEB Plan subsequent to the measurement date will be recognized as a reduction of the total OPEB liability/expense for the fiscal year ending September 30, 2019.

The Schedule of Changes in the Total OPEB Liability and Related Ratios and the Schedule of Contributions, presented as Required Supplementary Information (RSI) following the notes to the financial statements, provides additional information about the total OPEB liability and contributions for the City’s OPEB plan

NOTE 10 - POLLUTION REMEDIATION OBLIGATIONS

As of September 30, 2018, the City is involved in four (4) pollution remediation obligating events as follows:

- a) Biltmore Golf Course - In August 2003, the City received a Notice of Violation (NOV) from Miami-Dade County Regulatory and Economic Resources (RER) (formerly Department of Environmental Resource Management (DERM)) that documented contamination found in an onsite soakage pit and an adjacent monitoring well. The City through its consultant proposed a natural background study for arsenic, in addition to a supplemental site assessment report (SSAR) to address the contamination found in the identified areas. The City has completed Phase 1 of this project and submitted the report for this phase to RER for review. The City has also completed Phase 2 of this project which consisted of source removal of contaminated soil and placement of an engineering control in the vicinity on the maintenance building. The City submitted a Source Removal Report documenting the source

removal in September 2015 followed by the filing of a Restrictive Covenant and Engineering Control Implementation Report in 2016. DERM response letter dated September 8, 2016 noted that the removal of additional soil is required. DERM also noted that upon of soil removal, the City is required to submit a “Monitoring Only Plan in Support of No Further Action with Condition” along with a complete Engineering Control Implementation Report and Engineering Control Maintenance Plan. The City estimates the remaining costs for this entire obligating event to be \$75,000. This has been recorded as a long-term liability in the City’s financial statements for the year ended September 30, 2018.

- b) Granada Golf Course - In April 1988, City applied for entry into the State of Florida Department of Environmental Protection (FDEP) Early Detection Incentive Program. This program allowed for funding and cleanup assistance to be allocated for eligible sites. The City voluntarily removed a 6,000 gallon underground storage tank at the Granada Golf Course. As of September 30, 2018, the City anticipates receiving cleanup assistance from FDEP and is not expecting to incur additional costs to the City. Thus, no liability is recognized for this obligating event for the year ended September 30, 2018.
- c) Former Coral Gables Incinerator Site Assessment - In December 2005, the City demolished the incinerator building, combustion chambers and the incinerator stack at the Public Works Facility located at 2800 SW 72nd Avenue. After the demolition activities were completed, the City’s consultants conducted a limited site assessment of the existing soil and groundwater conditions in August and September 2007. Based upon the soil and groundwater analytical results, the levels of contamination detected are essentially equivalent and or above the cleanup target levels for residential and commercial/industrial use levels. Based on these results, the Miami-Dade RER required the City to submit a Site Assessment Report Addendum (SARA) to address the outstanding environmental assessment and remediation requirements of the former incinerator. As of September 30, 2017, the City is in the process of completing the SARA and assessing the options for cleanup of the site. Accordingly, as of September 30, 2017 the cost of the remedial action plan cannot be reasonably estimated, therefore a liability for this site is not recorded in the financial statements.
- d) Coral Gables Country Club – In May 2002, as part of the renovation of the Country Club, an underground storage tank was removed. The City received a NOV from RER and was required to complete a site assessment report due to release of unknown contamination into the ground as a result of the tank removal activities. As of August 2009, the City completed the remediation activities that included the excavation and removal of all soils surrounding the original tank removal footprint. In 2014, the City completed the required groundwater monitoring and received a notification from RER that there is no additional groundwater sampling requirement for this site. The City is in the process of preparing an additional source removal plan for submission to RER to address remaining areas with contaminated soil. This project will need to include the submittal of Source Removal Plan and filing of a Restrictive Covenant and engineering control implementation report. The City estimates the costs for this entire obligating event to be \$85,000. This has been recorded as a long-term liability in the City’s financial statements for the year ended September 30, 2018

As of September 30, 2018, the City’s total liability related to the pollution remediation obligating events is \$160,000.

NOTE 11 - INSURANCE PROGRAM

The City has a self-insurance program for General Liability, Automobile Liability and Workers’ Compensation. The City uses a professional servicing organization as third party administrator for the program. The City has established a separate Internal Service Fund to record the activity related to the insurance program.

Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses regardless of whether allocated to specific claims. The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the City carries commercial insurance.

The City purchases excess insurance over retention of \$500,000 per occurrence for Workers’ Compensation. For General and Automobile Liability, the retention is \$350,000. The City is protected by Florida Statute 768.28 which limits losses to, except for certain federal causes of action: (a) \$100,000 per person / \$200,000 per occurrence for claims arising between October 1, 1981 and October 1, 2011; and (b) \$200,000 per person / \$300,000 per occurrence for claims arising after October 1, 2011.

The City is fully insured for its employee health program except for Police Officers and Firefighters. For Police Officers and Firefighters, the City obtained fully insured individual health care plans.

The following schedule presents the changes in claim liabilities for the past two years in the Internal Service Funds:

	2018	2017
Unpaid claim payable, beginning	\$ 12,732,000	\$ 14,022,000
Incurred claims and claim adjustments	3,210,107	1,839,866
Claims payments	(2,663,107)	(3,129,866)
Unpaid claims payable, ending	\$ 13,279,000	\$ 12,732,000

Settled claims have not exceeded coverage in any of the past three years.

NOTE 12 - DEFICIT IN NET POSITION AND FUND BALANCE OF INDIVIDUAL FUNDS

The Capital Project BBC GOB Program Fund has a deficit fund balance of \$712,324. The deficit will be offset with reimbursements from the Miami-Dade County Building Better Communities grant program in the next fiscal year.

NOTE 13 – CONTINGENCIES AND COMMITMENTS

Litigations

There are several pending claims and lawsuits in which the City is involved. The estimated liability related to these claims has been accrued in the City’s Internal Service Insurance Fund. In the opinion of City management, the ultimate resolution of these claims is not likely to have a material, adverse impact to the financial position of the City.

Government Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally, federal and state agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, however, the City expects such amounts, if any, to be immaterial.

Construction Commitments

The City is a party to several improvements and construction contracts. The amount remaining on these uncompleted contracts as of September 30, 2018 was approximately \$13.69 million.

NOTE 14 - MINIMUM RENTALS RECEIVABLE

Non-cancelable operating leases of property to third parties are accounted for in the Enterprise Funds and General Fund. The operating leases include various short-term leases ranging from less than one year to twenty eight years as well as a long-term lease with the management company operating the Biltmore Hotel and Golf Courses and development agreements on City owned land parcels. Minimum rental receivables under these leases are as follows:

<u>Fiscal Year</u>	<u>Amount</u>
2019	\$ 5,142,590
2020	4,529,647
2021	4,365,521
2022	3,971,801
2023	3,981,739
2024-2028	17,694,552
2029-2033	11,634,060
2034-2038	5,914,024
2039-2043	686,125
	<u>\$ 57,920,059</u>

The Palace at Coral Gables - On July 14, 2008, through the Ordinance No. 2007-36, the City entered into Lease and Development Agreement, and Garage Lease and Development Agreement with the Palace Management Group LLC (“The Palace”) for the development, construction and operation of a senior housing facility and garage on parcels of land owned by the City (as amended, collectively the “Agreements” and each individually an “Agreement”). Following are significant terms of the Agreements:

- (a) Lease and Development Agreement - This Agreement covers the development, construction and operation of the senior housing facility. Based on the Agreement, (a) the initial term of the lease is for thirty (30) years commencing on August 1, 2011 (first day of the month following the Possession Date of July 28, 2011) with an option to renew the lease term for up to two (2) additional terms of thirty (30) years each and for a third additional term of nine (9) years, for a total possible maximum term of ninety-nine (99) years, (b) a monthly fee of \$950 from August 2008 to July 31, 2011, as pre-possession/good standing fee prior to the start of the lease term, (c) a monthly fixed base rent of \$9,500 from August 1, 2011 through July 31, 2013, (d) starting August 1, 2013, the total yearly fixed base rent is increased yearly by \$9,500 until the total yearly fixed base rent is equal to \$237,500, and thereafter until the end of the initial lease term, (e) during the first renewal of the lease term, the yearly fixed base rent is increased to \$242,250 commencing on the second year of the first renewal term will be increased by 2% per year until the end of the final lease term, including any further

renewals thereof, (f) in addition to the yearly fixed base rent, starting August 1, 2014 a percentage base rent is to be paid to the City equal to 0.5% of the project revenue of each rental year. The percentage base rent rate is increased by 0.1% yearly until the rate is equal to 2%, and thereafter remains as the rate for the remainder of the initial lease term and renewal terms.

In addition, as part of the Agreement, the Palace conveyed to the City the title on two parcels of land that became part of the land owned by the City on where the project was built. The agreed market value of the parcels of land was \$1,251,000 at the time of the execution of the agreement.

(b) Parking Garage Lease and Development Agreement - This Agreement covers the development, construction and operation of the Parking Component of the facility for public parking, private parking and retail spaces. Based on the Agreement, (a) the initial term of the lease is for thirty (30) years commencing on August 1, 2011 (first day of the month following the Possession Date of July 28, 2011) with an option to renew the lease term for up to two (2) additional terms of thirty (30) years each and for a third additional term of nine (9) years, for a total possible maximum term of ninety-nine (99) years, (b) a monthly fee of \$50 from August 2008 to July 31, 2011 as pre-possession/good standing fee, (c) a monthly fixed base rent of \$500 from August 1, 2011 through July 31, 2013, (d) starting August 1, 2013, the total yearly fixed base rent is increased yearly by \$500 until the total yearly fixed base rent is equal to \$12,500, and thereafter until the end of the initial lease term, (e) during the first renewal of the lease term, the yearly fixed base rent is increased to \$12,750 commencing on the second year of the first renewal term and will be increased by 2% per year until the end of the final lease term, including any further renewals thereof, (f) in addition to the yearly fixed base rent, starting August 1, 2014, a percentage base rent is to be paid to the City equal to 0.5% of the project revenue of each rental year. The percentage base rent rate is increased by 0.1% yearly until the rate is equal to 2%, and thereafter remains as the rate for the remainder of the initial lease term and renewal terms.

In relation to the public parking component of the Parking Facility, the Palace petitioned the City and Miami-Dade County to create the “Palace at Coral Gables Community Development District” (“CDD”) to assist in the financing of this component. The City supported the creation of the CDD and it was established by the Board of County Commissioners of Miami-Dade County through Ordinance No. 10-49 on July 20, 2010, pursuant to the provision of Chapter 190 of the Florida Statutes. In July 2011, the CDD issued its Special Assessment Revenue Bonds Series 2011 in the amount of \$9.50 million with interest rate of 5% to 5.625% and maturity date of May 1, 2042. The proceeds from issuance of the special assessment bond was used to finance the construction of the public parking facility. The special assessment bonds are payable from CDD’s assessments levied on the senior housing facility, retail space, private parking facility, and net revenues of the public parking facility. The Palace is required to maintain an escrow fund and deposit amount approximately equal to three (3) times the maximum annual debt service under the CDD bonds to be used solely for the payment of special assessments levied by the CDD. During the construction of the public parking facility, the bond proceeds were released to the Palace to pay the prorata share of the public parking component construction costs. On July 28, 2011, prior to commencement of construction, the Palace granted a sublease of the public parking portion to the CDD, and the CDD and the City of Coral Gables entered into an Interlocal Agreement regarding operation and funding of the CDD.

In relation to the CDD special assessment bonds, the City through Resolution No. 2011-56 dated March 22, 2011 agreed to guarantee the payment of the bonds and the City and the Board entered into a Guaranty Agreement. As provided in the guaranty agreement, the City agrees to: (a) irrevocably agree to pay to the Board from any legally available funds, for the benefit of the bondholders, that portion of the principal and interest on the bonds that becomes due for payment but unpaid due to the

occurrence and continuation of events calling for guarantor payment; (b) the City's obligation under the guarantee agreement is limited to a maximum annual debt service amount of \$700,000 and a maximum total debt service amount of \$21 million; (c) the obligation of the City will not constitute a general debt, liability or obligation of the City within the meaning of any constitutional or statutory limitation; (d) the City agrees to budget, appropriate and pay to the Board any deficiency amount within ten (10) business days of the receipt of notice of deficiency from the Board while the CDD bonds are outstanding; (e) the City received \$225,000 from the proceeds of the CDD bond in consideration for the City's guaranty; (f) in the event that the City's guaranty is called upon, the Palace is considered in default of the two (2) lease agreements and the City may exercise its rights and remedies, which include but not limited, for the City to initiate a reversion of the Palace's leasehold interest in both the private and public facilities.

At September 30, 2018, the City billed to and received from the Palace \$163,083 and \$8,583 for the Lease and Development Agreement and Parking Garage Lease and Development Agreement, respectively. In addition, there are no events or occurrences resulting in the City's guarantee to be called.

The cost of assets under operating leases is \$62,788,700 with a net book value of \$50,639,197. Depreciation expense on leased assets was \$513,989 for the fiscal year ended September 30, 2018.

NOTE 15 - MANAGEMENT AGREEMENTS

The City has entered into management agreements with third parties for the management, operation and maintenance of facilities owned by the City. Major terms of these management agreements are as follows:

Country Club of Coral Gables – the agreement was executed on August 6, 2009 and amended on March 30, 2010, with an initial term of up to ten (10) years, with an option to renew the agreement for an additional period of ten (10) years. The rent commencement date was October 1, 2011 and the management company paid \$5,000 each month starting January 2, 2011 through October 1, 2011. Starting October 1, 2011, the monthly base rent is \$20,000 payable in advance on the first day of each month. The monthly base rent for each successive rental year shall be increased by 3.00% annually.

In addition to the base rent, commencing on October 1, 2012 and throughout the initial term of the agreement, the management company shall pay the City additional annual percentage rent equivalent to 6.00% of the amount by which the gross revenue for the rental year exceeds \$4 million, less the amount by which the real estate tax assessed for the rental year exceeds the adjusted base real estate tax. The adjusted base real estate tax is defined as \$26,943 in the first rental year and shall be increased by 3.00% annually.

For the year ended September 30, 2018, the City billed and collected from the management company \$326,522 as rental income.

Biltmore Hotel - the agreement commenced on February 10, 1986 with a term of up to fifty (50) years. Based on the agreement, the City is entitled to receive on a quarterly basis, \$300,000 as base fee which is adjusted for the effect of cumulative price index over the life of the agreement, and percentage fee equals to 3.5% of the annual net revenue from the operation of the property which is netted against the base fee should it exceeds the base fee.

At September 30, 2018, the City billed the base fee amount of \$633,818 and the 3.5% of the annual net revenue of \$902,614 for a total fee amount of \$1,536,432. In addition, the City bills the management company rental income which represents reimbursements of principal and interest on loans obtained by the City to renovate the property. For the year ended September 30, 2018, the City billed and collected from the

management company \$281,721 as rental income. Total loans obtained and used by the City in prior years to renovate the property amounted to \$7,935,000 and the outstanding balance on loans at September 30, 2018 is \$3.5 million.

Biltmore and Granada Golf Courses - the agreement commenced on October 1, 2003 with a term of up to twenty-five (25) years. Based on the agreement, as amended, the City is entitled to receive on a quarterly basis, \$160,000 as base fee for the Biltmore Golf Course, which is adjusted for the effect of cumulative price index over the life of the agreement. The quarterly payment of base fee in the amount of \$40,000 is due and payable starting October 1, 2013. For the year ended September 30, 2018, the City billed and collected from the management company \$170,826 as rental income. For the Granada Golf Course, the City is entitled to receive 100% of the golf course revenues and 5% of the revenues of the pro shop. At September 30, 2018, the City billed and collected \$738,844 from the management company for the Granada Golf Course's gross revenue.

NOTE 16 – TAX ABATEMENT

The City provides tax abatement through Ordinance No, 3027 as “Tax Exemptions for Historic Properties”. The ordinance allows tax exemption for 100% of the assessed value of the restoration, renovation, or rehabilitation of historic properties. The exemption applies only to taxes levied by the City and does not apply to taxes levied for the payment of bonds or taxes on personal properties. The tax exemption remains in effect for ten (10) years provided the historic character of the property and improvements which qualified the property for an exemption is maintained over the period for which the exemption was granted. Properties qualify for exemption if (a) individually listed in the National Register of Historic Places pursuant to the National Historic Preservation Act of 1966; (b) a contributing property within a National Register-listed district; (c) individually listed in the Coral Gables Register of Historic Places. Improvements on a historic property must be consistent with the U.S Secretary of the Interior's Standard for Rehabilitation and determined by the City's Historic Preservation Board to meet criteria established in rules adopted by the US Department of State.

The City has twenty-two (22) historic properties with tax exemption as of September 30, 2018 and abated taxes in the amount of \$40 thousand in fiscal year 2018. Estimated property tax of \$180 thousand will be abated over the remaining terms of the tax exemption as of fiscal year 2018.

NOTE 17 - PRONOUNCEMENTS ISSUED BUT NOT YET ADOPTED

GASB Statement No. 83, *Certain Asset Retirement Obligations*. This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. Earlier application is encouraged.

GASB Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of

information about governments' leasing activities. The requirements of this Statement are effective for reporting periods after December 15, 2019.

GASB Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements*. The primary objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. The requirements of this Statement are effective for reporting periods after June 15, 2018.

GASB Statement No. 89, *Accounting for Certain Interest Cost Incurred before the End of a Construction Period*. The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. The requirements of this Statement are effective for reporting periods after December 15, 2019.

GASB Statement No. 90, *Majority Equity Interest – an amendment of GASB No. 14 and 61*. The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. The requirements of this Statement are effective for reporting periods after December 15, 2018.

The City's management has not determined the effect these pronouncements will have on the City's financial statements.

NOTE 18 - LAW ENFORCEMENT

The City's financial statements include the Law Enforcement Agency Fund. This fund is used to report resources held for the South Florida Money Laundering Strikeforce (Strike Force) in a purely custodial capacity. The Strike Force is made up of 15 police agencies including the City's police force working together towards the elimination of specific crime activities. Accumulated resources from confiscation of property, principally cash are distributed by court order to individuals, private organizations, or other governments. The assets held in custody by the City are also recognized as a liability.

NOTE 19 - HURRICANE IRMA

As of September 30, 2018, the City has incurred approximately \$16.95 million in expenditures related to emergency and preventive measures, clean-up and restoration costs from Hurricane Irma which struck the South Florida on September 10, 2017. In addition, as of September 30, 2018 the City has not received FEMA approved and obligated project worksheets submitted by the City to be reimbursed for eligible expenditures related to Hurricane Irma recovery efforts. Thus, no receivable from FEMA and corresponding revenue to offset expenditures incurred are recognized in the financial statements as of September 30, 2018.

NOTE 20 – SUBSEQUENT EVENTS

Special Taxing Districts within the City of Coral Gables

Effective October 1, 2018, the City will assume the responsibility for the management of nine (9) special taxing districts located wholly within the city as a result of a special election held on January 23, 2018 where qualified electors in each of these districts voted to approve the transfer of control of these security guard districts from Miami-Dade County. As provided for in the agreement between Miami-Dade

County and the City, the County ceased all involvement and the City will be exclusively responsible for all operations and maintenance for the special taxing districts beginning October 1, 2018.

The City is responsible to provide services to the special taxing district such as budget development, financial management, security guard service management, contract management, guardhouse and general property and landscape maintenance around the guardhouse. The City identified a third-party qualified contractor to provide these services to the special taxing districts, on behalf of the City for a fee.

The financial information of the special taxing districts will be reported as a blended component unit in the City financial statements beginning fiscal year 2019.

Sale of City Property

On October 9, 2018, the City Commission approved Ordinance No. 2018-45 authorizing a purchase and sale agreement for the sale of the city-owned parcel of land for a purchase price of \$10.4 million. The sale of the property was closed on December 13, 2018.

Contributions as a percentage of covered-employee payroll	<u>61.61%</u>	<u>61.04%</u>	<u>74.85%</u>	<u>66.05%</u>	<u>71.53%</u>

Notes to Schedule:**Valuation Date:** October 1, 2016 (For Fiscal Year 2018)

Note Actuarially determined contribution rates are calculated as of October 1, which is two years prior to the end of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial cost method	Entry age normal, level percent of pay
Amortization method	Level dollar, closed
Remaining amortization period	25 years (single equivalent period)
Asset valuation method	5-year smoothed market; 20% corridor
Inflation	2.50%
Salary increases	3.25% to 7.25% depending on age, including inflation
Investment rate of return	7.75%
Retirement age	Experience-based table of rates that are specific to the type of eligibility condition
Mortality	RP-2000 Combined Healthy Participant Mortality Table for active members and RP-2000 Healthy Annuitant Mortality Table for nondisabled inactive members, with mortality improvements projected to all future years using Scale BB. For females, the base mortality rates include a 100% white collar adjustment. For males, the base mortality rates include a 50% white collar adjustment / 50% blue collar adjustment for General Employees and a 10% white collar adjustment / 90% blue collar adjustment for Police Officers and Firefighters. These are the same mortality rates used in the July 1, 2016 actuarial valuation of the Florida Retirement System (FRS), as required under Florida Statutes Chapter 112.63.

* Note to Schedule: This Schedule is presented to illustrate the requirement of GASB 68 and intended to show information for 10 years. Additional years will be displayed as they become available.

CITY OF CORAL GABLES, FLORIDA

**NOTES TO THE REQUIRED
SUPPLEMENTARY INFORMATION
(Unaudited)**

Note 1 – Budgets and Legal Compliance

(a) Budgets are adopted on a basis consistent with GAAP. Annual appropriated budgets are adopted for the general and debt service fund. All annual appropriations lapse at fiscal year-end. While all appropriations and encumbrances lapse at year end, valid outstanding encumbrances are re-appropriated and become part of the subsequent year's budget. Project-length financial plans are adopted for all capital project funds.

(b) During July of each year, the City Manager submits to the City Commission a proposed operating budget for the ensuing fiscal year. The proposed budget is prepared by fund, function and activity, and includes information on the past year, current year estimates, and requested appropriations for the next fiscal year. During September of each year the City Commission holds two public hearings for adoption of the budget by ordinance. The level of budgetary control (that is the level at which expenditures cannot legally exceed the appropriated amount) is the total appropriated by fund. Management may make transfers of appropriations between funds however must seek City Commission approval to change the total appropriated budget amount, unless changes to the total appropriated budget are considered necessary for the continuity of the City's operations, for which management is given the authority to do so without the City Commission approval.

(c) Budget ordinance provides that transfers between operating, capital, proprietary and internal service funds are necessary and appropriate during the prior fiscal year-end closing process, as well as subsequent to the adoption of the annual budget for the continuity of City operations.

(c) The amounts shown in the financial statements reflect the original budgeted amounts and all amendments and supplements approved through September 30, 2018 that are included in the final amended budget.

Combining Individual Fund Statements and Schedules

These financial statements provide a more detailed view of the Capital Projects, Internal Service, Pension Trust and Agency Fund types included in the Basic Financial Statements presented in the preceding subsection.

Combining statements are presented when there are more than one fund of a given fund type.

[This Page Intentionally Left Blank]

Nonmajor Governmental Funds

Capital Projects Funds:

Neighborhood Renaissance Program Fund - to account for and report the proceeds of the Special Obligation Bonds Series 2012 and Series 2011 and other financial resources that are restricted, committed, or assigned for the acquisition or construction of various major capital improvements.

Roadway Improvement Fund – to account for the construction costs of resurfacing and rebuilding certain city streets along with the related curbs, gutters, drainage and streelights. These acquisitions are funded from the City’s share of a local option gasoline sales tax plus the proceeds realized from certain deferred assessment lien revenue on roadway improvement assessments.

Transportation Fund – to account for the costs of the Urban Improvement Program which was set in place to assist the flow of traffic in the commercial areas and to provide connectivity to the metrorail.

Building Better Communities General Obligation Bond Program (BBC GOB Program Fund) – to account for grant funds from Miam-Dade County BBC GOB Program and expenditures of covered projects toward enhancement / expansion of public parks and plazas; enhance residential and commercial areas; homeland security and to construct the Coral Gables Museum.

Impact Fees Fund – to account for receipts of impact fees imposed on new developments within the City, and expenditures for the type of system improvements for which the impact fee was imposed and only within the impact fee benefit district where the impact fee was collected.

Internal Service Funds

Motor Pool Fund - to account for the costs of operating a maintenance facility for automotive and other various types of equipment used by other City departments. The operating and maintenance costs are allocated to the user departments by charging a flat rate for annual rental for the equipment. Rental charges are updated annually based on detail maintenance and operating cost records kept for each item of equipment provided. The equipment itself is acquired by the Motor Pool Fund and financing is provided by charging the user departments an annual replacement charge based upon the estimated life of the equipment.

Public Facilities Fund - to account for the costs of providing building maintenance, utilities and general housekeeping services for all City property. Financing is provided by charging the user departments an annual rental fee based upon actual costs.

Insurance Fund - to account for the cost to provide general liability, automobile liability and workers' compensation insurance administered by an outside professional third party administrator, and the cost to provide health care. Financing is provided by insurance premium charges to the user departments and investment earnings on accumulated reserves.

Fiduciary Funds

Pension Trust Funds

Coral Gables Retirement Fund - to account for the accumulation of resources to be used for retirement annuities of all employees at appropriate amounts and times in the future. Resources are provided by employer and employee contributions determined by an actuarial study, and investment earnings.

Police Officers' Pension Fund and Firefighters Pension Fund - to account for accumulation of resources to be used for supplemental retirement benefits for police officers and fire fighters. Resources are provided by annual employer contributions and investment earnings. Individual participation is based upon years of service. Individuals may withdraw their equity upon retirement.

Agency Fund

Employee Benefits Fund - to account for the value of employees' excess sick leave deposited in a sick leave bank held by the City as custodian.

Law Enforcement Fund - to account for resources provided as a result of certain police investigations, seizures and forfeitures.

Statistical Section

(UNAUDITED)

This part of the City of Coral Gables' comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the city's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the city's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the city's most significant local revenue source, the property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the city's current levels of outstanding debt and the city's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the city's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the city's financial report relates to the services the city provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Sources: Data provided by the Miami Dade-County Finance Department

TOTAL NET GENERAL OBLIGATION DEBT

The City's General Obligation Bond Debt was paid in full in Fiscal Year 9/30/98.

The City has no legal debt requirement.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City of Coral Gables. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the the City of Coral Gables. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

(1) For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Value that is within the City's boundaries and dividing it by the Miami-Dade County's taxable assessed value.

Note: Pursuant to loan agreements between Sunshine State Governmental Financing Commission and the City of Coral Gables, the City has covenanted and agreed to budget and appropriate in its annual budget sufficient amounts of Non-Ad Valorem revenues or other legally available funds sufficient to satisfy the loan repayment. In addition, the City shall report annually the average total amount of Non-Ad Valorem revenues was at least 2.00 times of the maximum annual debt service on all outstanding debt of the City payable from or secured by Non-Ad Valorem revenues.

Non-Ad Valorem revenues means all legally available revenues of the City derived for any source, other than ad valorem taxation on real and personal property, which are legally available for payment of debt by the City.

**Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance With *Government Auditing Standards***

Independent Auditor's Report

To the Honorable Mayor and Members of the
City Commission
City of Coral Gables, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Coral Gables, Florida (the City), as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 29, 2019. Our report includes a reference to other auditors who audited the financial statements of the City of Coral Gables Retirement Fund and the Police Officers' Pension Fund, as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the City of Coral Gables Retirement Fund was not audited in accordance with *Government Auditing Standards*, and accordingly this report does not include reporting on internal controls over financial reporting or instances of reportable noncompliance associated with the City of Coral Gables Retirement Fund. Our report also includes an emphasis of matter paragraph for the adoption of Governmental Accounting Standards Board Statement 75, *Accounting and Financial Reporting for Post-employment Benefits Other Than Pensions*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

THE POWER OF BEING UNDERSTOOD
AUDIT | TAX | CONSULTING

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

RSM US LLP

**Report on Compliance for Each Major Federal Program;
Report on Internal Control Over Compliance; and Report on the
Schedule of Expenditures of Federal Awards as Required by the Uniform Guidance**

Independent Auditor's Report

To the Honorable Mayor and Members of the
City Commission
City of Coral Gables, Florida

Report on Compliance for Each Major Federal Program

We have audited the City of Coral Gables, Florida's (the City) compliance with the types of compliance requirements described in the Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended September 30, 2018. The City's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended September 30, 2018.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated March 29, 2019, which contained unmodified opinions on those financial statements. Our report includes a reference to other auditors who audited the financial statements of the City of Coral Gables Retirement Fund and Police Officers' Pension Fund. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedules of expenditures of federal awards and expenditures of state financial assistance are presented for purposes of additional analysis as required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General* of the State of Florida, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules of expenditures of federal awards and expenditures of state financial assistance are fairly stated in all material respects in relation to the basic financial statements as a whole.

Notes to Schedules of Expenditures of Federal Awards and State Financial Assistance

(1) Basis of Presentation

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance (the Schedules) presents the activity of all federal awards and state financial assistance of the City of Gables, Florida (the City) for the year ended September 30, 2018. The information in the Schedules are presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.550, *Rules of the Auditor General* of the State of Florida. Because the Schedules present only a selected portion of the operations of the City, they are not intended to and do not present the financial position, changes in net positions, or cash flows of the City. The City's reporting entity is defined in Note 1 to the City's basic financial statements.

(2) Summary of Significant Accounting Policies

The Schedules are presented using the modified accrual basis of accounting for expenditures accounted for in the governmental funds and on the accrual basis of accounting for expenses of the proprietary fund types, which are described in Note 1 to the City's basic financial statements. Such expenditures/expenses are recognized following the cost principles contained in the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General* of the State of Florida, wherein certain types of expenditures/expenses are not allowable or are limited as to reimbursement.

(3) Subrecipient Awards

Of the federal awards and state financial assistance presented in the Schedules, the City did not provide any amounts to subrecipients.

(4) Indirect Cost Recovery

The City did not recover its indirect costs using the 10% de minimis indirect cost rate provided under Section 200.414 of the Uniform Guidance.

City of Coral Gables, Florida

Schedule of Findings and Questioned Costs

**Management Letter in Accordance With
Chapter 10.550, Rules of the
Florida Auditor General of the State of Florida**

To the Honorable Mayor and Members of the
City Commission
City of Coral Gables, Florida

Report on the Financial Statements

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Coral Gables, Florida (the City), as of and for the fiscal year ended September 30, 2018, and have issued our report thereon dated March 29, 2019. Our report was modified to include a reference to other auditors. This report does not include the findings and recommendations of the other auditors' that are reported on separately by those auditors. This management letter does not include the results of the other auditors' testing of compliance and other matters that are reported on separately by those auditors. Our report also includes an emphasis of matter paragraph for the adoption of Governmental Accounting Standards Board Statement 75, *Accounting and Financial Reporting for Post-employment Benefits Other Than Pensions*.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Auditor General*.

Other auditors audited the financial statements of the following component units and funds as described in our report on the City's financial statements:

Component Units / Funds	Classification
• City of Coral Gables Retirement Fund	aggregate remaining fund information
• Police Officers' Pension Fund	aggregate remaining fund information

Other Reports and Schedule

We have issued our independent auditor's report on internal control over financial reporting and compliance and other matters based on an audit of financial statements performed in accordance with *Government Auditing Standards*; independent auditor's report on compliance for each major federal program; report on internal control over compliance in accordance with the Uniform Guidance; Schedule of Findings and Questioned Costs; and independent accountant's report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General* of the State of Florida. Disclosures in those reports and schedule, which are dated March 29, 2019, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding financial report.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This is disclosed in Note 1 of the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of This Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Mayor, City Commissioners, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

Independent Accountant's Report

To the Honorable Mayor and Members
of the City Commission
City of Coral Gables, Florida

We have examined the City of Coral Gables, Florida's (the City) compliance with *Section 218.415, Florida Statutes, Local Government Investment Policies* during the period October 1, 2017 to September 30, 2018. Management of the City is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the period October 1, 2017 to September 30, 2018.

This report is intended solely for the information and use of the Florida Auditor General, the Honorable Mayor, Members of the City Commission, the City Manager and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.
